GAINESVILLE, FLORIDA, THURSDAY, SEPTEMBER 23, 1909

TEN CENTS A WEEK

STORM LOSSES WILL REACH INTO MILLIONS

Five Dead at New Orleans, While Property Loss There and Elsewhere is Great.

NEW ORLEANS, La., Sept. 22.—While the re-establishment of communication with isolated points along the Gulf Coast of Louisiana and Mississippi may add a few to the number of persons who lost their lives as a result of Monday's hurricane, the indications are that the list of dead will not be swelled very materially. Besides the five men who lost their lives in New Orleans Monday, but four deaths have been definitely shown. These include two at Jackson Miss., and one at Gramercy, La., and one at Palquemine, La.

The day was marked by the usual rumors which follow immediately after a severe storm on the Gulf Coast. All kinds of reports became current in connection with the fate of 500 passengers in a Gulf Coast train on the Louisville and Nashville railroad. The train had last been heard from early Monday at Chef Menteur, a fishing camp twenty miles away. Developments during the day proved the passengers had been marooned for a day and a half on a small strip of land with practically nothing to eat and with the hurricane sweeping in waves which threatened to engulf them. There were many women and children among the passengers.

Steamer Rescues Train.

The scene at Chef Menteur Mon-

day night was a pitiful one. No sign of relief was in sight and the passengers did not believe that their friends in New Orleans were aware of their plight. A representative of the Associated Press headed a party of male passengers who worked their way through the swamp and marsh to a point where they were picked up in an exhausted condition by a relief train which brought them to New Orleans. Their report of the destruction of the Louisville and Nashville tracks and the flooding of that section resulted in a relief party being sent by steamer by way of Lake Pontchartrain.

Food was taken out on the relief steamer which last night returned to New Orleans with those who had been marooned at Chef Menteur since Monday.

That considerable property damage and possibly some loss of life was caused at points west of New Orleans is believed here. The hurricane headed in a northwesterly direction from New Orleans, according to the local office of the United States weather bureau. The section is completely cut off from New Orleans and it is impossible at this time to obtain any definite news from there.

300 Coal Barges Sink.

It is reported that nearly every

plantation between New Orleans and Baton Rouge suffered damage from the storm. Many sugar houses were demolished in whole or in part and the cane crop was seriously injured. It is believed that the damage to the cane crop will amount to a million or more dollars.

A negro laborer was killed in the collapse of a sugar house at Gramercy.

Two hundred barges of coal valued at about \$600,000 were sunk in the Mississippi river here as a result of the hurricane. It is said that about 75 per cent of the coal can be recovered. News has reached here that 100 barges loaded with coal went down in the Mississippi river near Lobdell, La., as a result of the hurricane sweep. The cargo was valued at \$500,000. It is possible that portion of it can be saved.

DEATH FOLLOWS IN STORM KING'S WAKE.

JACKSON, Miss., Sept. 22.—Two persons were killed here as a result of the storm which swept portions of Mississippi Monday. Their death was caused by falling walls. Hundreds of buildings were unroofed in the city, fences carried away and trees uprooted. The east dome of the new capitol building was crushed in and a number of upper rooms flooded.

The equinoctial hurricane swept upward from the Mississippi coast, carrying death and destruction in its wake. It is believed that other lives have been lost and property damaged to the extent of several million dollars. Wires are down in all directions and Jackson has been almost entirely cut off from the outside world since midnight Monday. Train service is crippled, and no passenger trains have reached this city over the Illinois Central from the South since Monday afternoon. Charles Clayton and Karl Wooster, blacksmiths, were caught beneath falling walls here and badly mangled. Wooster was killed outright, and Clayton died yesterday.

The old capitol building was unroofed, several sections of the roofing being carried hundreds of yards. The stables at the fair grounds were demolished and several of the exhibit buildings badly damaged.

In the business district, many signs were carried away, roofs taken from buildings, plate glass windows broken and stores flooded.

It was a sleepless night for the entire population of Jackson. When morning came they found the street strewn with debris, telephone and telegraph wires in a hopeless jumble and evidence of property loss that will amount to many thousands of dollars.

Meagre reports are coming in from South Mississippi and all carry a story similar to that of the damage inflicted in Jackson save that the destruction was much more extensive as the coast was approached. It is believed that the timber destruction will equal that of four years ago when more than five million dollars worth of timber was felled.

Both of the power plants in Jackson were put out of commission before midnight and the city was plunged into total darkness. Power service was partially restored yesterday morning.

DAMAGE AT PENSACOLA.

PENSACOLA, Fla., Sept. 22.—The damage caused by the Gulf storm of Monday night and Tuesday morning has been light as compared with previous years, notwithstanding the wind blew with almost hurricane force throughout the night and the tides were higher than for several years. The greatest loss was the washing away of tracks along the bay shore and the wrecking of small boats and timber rafts.

Want advertising is a force which you can harness, and with which you can drive your plans and purposes to any desired destination.

COOK'S BROOKLYN RECEPTION RESEMBLED RIOT

Struggling Masses Fight One Another in Efforts to Gain View of Explorer.

NEW YORK, Sept. 22.—"I come from the pole. I have brought my story and data with me. I do not come home to enter into an argument with one or fifty men, but I am here to present a clear record of a piece of work of which I have reason to feel proud. I am perfectly willing to abide by the decision of competent judges. My report will not be presented, but I bring America living witnesses to prove that I have been to the pole."

This was the statement made by Dr. Cook yesterday. Early in the morning the explorer of the polar regions was on the deck of the "Oscar II" awaiting the arrival of Mrs. Cook and his two daughters. As soon as they arrived, Dr. Cook, regardless of the cameras trained on him, embraced his wife and children. Soon Dr. Cook was transferred from the "Oscar" to the "Grand Republic." As he stood aboard a young lady threw a wreath of roses around his neck.

The Brooklyn reception resembled a riot as struggling masses of humanity sought to see Dr. Cook. With great difficulty the police made way for his automobile, which he entered as soon as he landed and drove through the streets to the Bushwick Club, where, after luncheon, the crew of the "Roosevelt" cheered.

were thrown open and the multitude gathered in the streets filed through to see the noted explorer. After three hours the doors were closed, and the public reception ended.

Dr. Cook refused to discuss the controversy further until Peary arrives. When he arrived at the club a multitude wildly cheered him, calling for a speech. He bowed to them and entered the club.

WILL ACCEPT NO INVITATIONS.

SYDNEY, Sept. 22.—Commander Peary will accept no invitations to receptions or public honor until the question of the discovery of the pole is decided by scientific authorities. He issued a statement to this effect last night.

He said he couldn't tell when the public would be given a statement, but that it would not be long, probably two weeks. He leaves Sydney this morning and will reach his home on Eagle Island Friday.

Commander Peary reached here yesterday morning, and as the ship came in the harbor he was given a hearty welcome. Mrs. Peary and children met him ten miles from here, and threw kisses to the commander while

Mystery Surrounds Disappearance of Sarasota Man

SARASOTA, Sept. 22.—Much mystery surrounds the disappearance from Sarasota of T. C. White, who had been the engineer of the ice plant up to three weeks ago. Mr. White left his duties at the ice plant to go to Fort Myers, as he alleged, to obtain an option on a certain piece of phosphate land. Two local capitalists made the trip with him, looked over the property on which an option was to be obtained, and allege that they gave Mr. White \$300, which was to be paid down on the option, in which the three were to have equal interest. White departed with the \$300 to get the necessary signatures at Fort Myers. He wired his partners that the option was all right, but that he would have to go to Plant City to get a signature. He spent Sunday, September 5, with his wife, who was visiting her parents at Starke. He took a train from there at 4 o'clock

Sunday morning, ostensibly to go to Plant City to get the signature referred to. That is the last known of him. His wife returned to Sarasota Saturday evening from her visit to her parents, nearly distracted.

White had been suffering for some time from a discharge from his right ear which was very painful, and he had been unable to sleep unless under the influence of morphine. His wife fears that he may be ill and in some hospital or asylum. His brother-in-law, who is a resident of Jacksonville, has searched the hospitals of that city without success. He left a few bills due in town and these, together with the \$300 entrusted to his care to obtain the option referred to, are considered by some to be strong reasons for believing that his absence was premeditated. He has been a wanderer over many lands, according to his talk among his associates.

Florida Convicts Will Receive Tickets to Their Homes

Governor Gilchrist has pointed out to the various boards of county commissioners a certain law which was passed at the last session of the Legislature changing somewhat the status of county prisoners.

One section of the new law makes it the duty of the county commissioners to provide that on the discharge of any county convict, at the expiration of his sentence, he shall be returned to the place of his conviction, or the price of his fare to such place in money given him.

In addition to this the convict, if his sentence did not exceed four months, shall be paid three dollars, in cash, and five dollars if his sentence exceeds that term.

The money so paid is to be taken from the hiring fund if the prisoners are leased; but if they are not, then the money must be paid out of the

fine and forfeiture fund of the county. The intent of the provision is a most human one, says The Miami News-Record.

A prisoner is often discharged from service at a place some distance away from his home, without a cent in his pocket, either to provide food for himself or to pay his fare to any place where he may find friends or work.

The practical effect will be to lengthen the terms of convicts serving time for misdemeanors.

Judges will naturally see to it, in making their sentences, that the extra expense imposed by this recent law is paid for in hard labor by the convicted man, and will impose such sentences as will cover the added cost.

On the whole, however, the law is a good one, and will probably work well in actual practice.

Nearly a Carload of Liquor Was Found at Boardman

OCLALA, Sept. 22.—One of the most important blind tiger raids ever made in this county was brought to light Monday night on the arrival of Deputy Sheriff Hutson from a visit through the northern part of the county. Three arrests were made, two at Boardman and one at Fairfield. The prisoners are Henry Wall, Sim Simpson and Andrew Reggen, all colored.

The first place visited was at Boardman, and from the amount of wet goods found in the place, business was very thriving, and was conducted along wholesale lines. Nearly a carload of liquor was found by the officer and brought to this city. The

second emporium was located at Fairfield, but this place was conducted on a much smaller scale. The prisoners were locked up in the county jail, and will be given a preliminary trial before Judge Bell.

Violating Game Laws.

C. W. Parker, living near Silver Springs, who was arrested Monday afternoon, charged with violating the game laws, was sentenced to pay a fine of \$50 and costs, and to serve ten days in the county jail. The specific charge against the defendant was the killing of three wild turkeys in Marshall swamp.

State Wants \$250,000,000 From Insurance Companies

VICKSBURG, Miss., Sept. 22.—Supplementary to a suit recently filed by Attorney-General Stirling and District Attorney Strange at Tupelo, alleging violation of the anti-trust laws of this State by seventy-two insurance companies, District Attorney J. D. Thamess filed a suit yesterday in the chancery court here against thirty other companies operating in Mississippi, seeking the assessment of maximum penalties aggregating \$250,000,000. The suit filed yesterday is styled the State of Mississippi ex rel. complainants, vs. Globe and Rutgers Insurance Company, et al., defendants. The declaration says in effect

that the companies sued own stock in other insurance companies which are competing corporations and, it is alleged, this is in violation of the anti-trust laws of Mississippi. The penalty for violations of the anti-trust laws is prescribed as not less than \$200 nor more than \$5,000 fine per day. The suit is in relation to alleged offenses committed from the first of January, 1908, up to the present time.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

RAMSEY LANDS OLD MURDERER TUESDAY

LEFT FOR ST. AUGUSTINE TO BRING THE PRISONER BACK.

Has Been Quietly at Work on This and Other Cases for Past Several Months.

By hard work and diligent scheming Sheriff Ramsey succeeded in locating an escaped murderer who has been wanted in this county for the past two years and Wednesday left to bring the fugitive back here for trial.

Will O'Neill, a negro employed at the turpentine farm of S. G. Gay & Co. of Micanopy some time since, became enraged at his wife, and in his fit of madness cut the woman's throat from ear to ear with a razor, making his escape at once, and had not been apprehended until Mr. Ramsey learned of him and had him arrested by Sheriff Perry of St. Augustine, where he has been for the past few weeks.

Sheriff Ramsey stated that he had been following this negro by communication for the past few months, but had not been able to get him in a place where he could be picked up until he arrived at St. Augustine. After he had become located there he wired the St. Johns county sheriff to take him in charge until his arrival.

The above killing occurred in the quarters near the depot at Micanopy just a short while following another killing, creating considerable excitement among the negro employees at the time, and the good detective work of Mr. Ramsey in this case is to be commended, for he is of the opinion that he will also land the other party within a very short while.

In addition to the above two cases, he has one other murder case, the crime having been committed about three years ago, and he has good reason to believe that he will be successful in locating this man also.

W. K. VANDERBILT, JR., AND WIFE SEPARATE.

NEW YORK, Sept. 22.—William K. Vanderbilt, Jr., donor of the Vanderbilt cup for automobile races, and his wife, formerly Miss Virginia Fair, of San Francisco, have signed a separation agreement, according to an afternoon newspaper.

Mrs. Vanderbilt is now returning from Europe to America with her two children, Muriel and William K. Vanderbilt, III. It is expected that the separation will be formally announced as soon as Mrs. Vanderbilt reaches New York.

Efforts by Mrs. O. H. P. Belmont, mother of Mr. Vanderbilt, and Mrs. Herman O. Elrich, sister of Mrs. Vanderbilt, to avert the separation, were without success.

Card of Thanks.

To our many friends who so kindly befriended us during the death and burial of our daughter, Mrs. Maggie C. Crosby, we wish to express our sincere gratitude and appreciation, and especially to Mrs. B. T. Wiggins and son, who stood so faithfully by her during her illness and death at Wauchula, Fla.—we wish to thank and assure them that their kindness will ever be remembered.

MR. AND MRS. D. A. MOODY,
Alachua, Florida.

Is Improving Property.

J. P. Bauknight is having all of his property on Masonic street repaired and repainted and the latest conveniences added, which will make his block close to the square one of the most desirable to be found in the city. Besides the plumbing and other modern improvements to this property he is having Gerdine & McMillan put on two first-class coats of paint, which makes the buildings resemble new places.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

LOCHLOOSA NOTES.

LOCHLOOSA, Sept. 22.—J. A. Jackson returned home Sunday from Micanopy, where he has been in the employ of the Melton Lumber Co. for the past few months.

A. K. Wade, Sr., of Wildwood, spent a few days in town the first part of the week with friends.

C. H. Shaw of Zubar, Fla., spent a few days in town this week, the guest of his mother-in-law, Mrs. S. F. McEwen.

Mrs. C. E. Morris of Port Inglis is up spending some time with her mother, Mrs. S. F. McEwen. She has been quite ill for the past several weeks, but we are glad to say she is better.

J. N. Hayman made a business trip to Wildwood Saturday.

O. W. Sykes and P. D. Moore of Island Grove were in town Saturday on business.

T. E. Johnson and J. A. Brice of Island Grove were in town Monday.

Arthur Fryer of Hawthorn was in town Monday on business.

F. M. Coleman made a business trip to Starke last week.

A few of the Lochloosa and Island Grove folks had a fish fry at the picnic grounds on Lochloosa lake Saturday. Fish were plentiful and all enjoyed themselves.

A. S. McEwen and J. A. Williamson returned home Sunday from Newnan's lake, where they have been on an extended alligator hunt. They were gone two weeks and succeeded in capturing 98 of them, the smallest being about 3½ feet in length.

Mrs. W. P. Tompkins went over to Cross Creek Tuesday to spend a few days with her son, R. J. Tompkins.

Sunday night, by some unknown origin, a small trestle about two hundred yards north of the depot got on fire. It was not discovered to be burning until train No. 11, through freight between Jacksonville and Tampa, ran into same. The train was a double-header bound for Tampa. Fortunately both engines and four box cars crossed safely, but when the fifth car came over it went down, and thirteen solid cars of freight piled up in the ditch behind it. The wreck was quite a disastrous one, but fortunately no one was killed or injured.

R. J. Tompkins of Cross Creek was in town shopping Tuesday.

Quite a crowd of the Island Grove citizens came over Monday to view the wreck.

The best place to buy your goods is at the store which invites you to come through an ad. in The Sun.

Why Cough
Ask your doctor if all coughs are necessary. If not, then why cough? Ask him about Ayer's Cherry Pectoral.
J. C. Ayer & Son,
Lowell, Mass.

PLAYED WHIST FOR PIG; CHURCH TO INVESTIGATE

WEBSTER CITY, Ia., Sept. 22.—Whether or not Mrs. Minnie Douglas of Adel played whist for a live pig and other prizes offered by the club to the members making the highest score is a question that will come up at the big annual Des Moines conference of the Methodist Episcopal Church held in Ames this week.

The case has become a celebrated one. Mrs. Douglas was ousted from the Methodist church at Adel because she played cards for prizes. Mrs. Douglas declares that she will bring the matter to the attention of the church conference at Ames.

There is a division of opinion among the ministers of the Methodist Church regarding card playing and a lively discussion will ensue if Mrs. Douglas appeals to them. While all frown on card playing and playing for prizes, many think there is no more evil in card playing in moderation than there is in tennis or croquet.

"I do not believe our church rules intend to exclude women like Mrs. Douglas from the church," a prominent minister who arrived in Ames for the conference is quoted as saying. "In my own church the most devout member I have, the one who is always first at the prayer meeting, a competent steward in the official board, president of the Ladies' Aid Society, a teacher in the Sunday school, a devoted mother in the home, and a true woman in every sense of the word, occasionally plays cards. I regret that she does it, but I am not going to start a trial to oust her from the church."

A WARNING.

Since its introduction into the United States, the sales of Parisian Sage have been phenomenal. This success has led to many imitations similar in name. Look out for them, they are not the genuine. See that the girl with the auburn hair is on every package. You can always get the genuine at W. M. Johnson's.

Parisian Sage is the quickest acting and most efficient hair tonic in the world.

It is made to conform to Dr. Sangerbond's (of Paris) proven theory that dandruff, falling hair, baldness and scalp itch are caused by germs.

Parisian Sage kills these dandruff germs and removes all trace of dandruff in two weeks; it stops falling hair and itching scalp and prevents baldness.

And remember that baldness is caused by dandruff germs, those little hard-working, persistent devils that day and night do nothing but dig into the roots of the hair and destroy its vitality.

Parisian Sage is a daintily perfumed hair dressing; not sticky or greasy, and any woman who desires luxuriant and bewitching hair can get it in two weeks by using it.

Beware of imitations, look for the girl with the auburn hair on every package. Parisian Sage is now sold by leading druggists all over America and is guaranteed by W. M. Johnson to cure dandruff, stop falling hair and itching scalp in two weeks or money back. Fifty cents a large bottle. Made in America by Giroux Mfg. Co., Buffalo, N. Y., who will fill mail orders, all charges prepaid.

Weight of Brain.

The average weight of the human brain is forty-nine and a half ounces avordupois for males and forty-four ounces for females. In males the minimum weight is about thirty-four ounces and the maximum sixty-five ounces. In females the minimum weight is thirty-one ounces and the maximum fifty-six. In newborn infants the brain weighs about 11.65 ounces for the male and ten ounces for the female.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Sold by W. M. Johnson.

Stop coughing! Coughing rasps and tears. Stop it! Coughing prepares the throat and lungs for more trouble. Stop it! There is nothing so bad for a cough as coughing. Stop it! Ayer's Cherry Pectoral is a regular doctor's medicine for coughs and colds.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthiness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

STEEL STRUCTURAL WORK COMPLETED

LAYING OF STONE TO BE COM-
MENCED NEXT WEEK.

Two Hundred and Twenty Tons of
Steel in Framing of the
Federal Building.

All of the steel structural framing has been placed on the mammoth Government building now being erected in this city, which shows that the building will be of large proportions.

While the work has not been entirely finished, what has been done has been placed in position in a remarkably short while considering the small number of men that have been employed.

Superintendent Miles, who has charge of the work for the King Company, states that Mr. Longeree has been most successful in the entire undertaking and has demonstrated that he fully understands his business when it comes to placing steel structural work.

The force will remain here for a few weeks yet, owing to the great amount of riveting that will have to be done, but all of the steel has been placed, consisting of four stories and roof, making it the tallest building in the city at the present time.

By the first of next week, Mr. Miles states, they will commence placing the stone in position and the derrick is now being arranged for this purpose. The brick work is progressing most favorably, but as it will require something like 500,000 brick in the contract, it will be readily seen that this part of the work will last for some time to come.

In the steel contract there were 220 tons that had to be placed in position and bolted up, but by the hard work of Mr. Longeree and his force they have completed this part of the work in a little over two months, which is a most satisfactory showing.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

MOTHERS' MEETING.

Interesting Program Rendered at the Home of Mrs. Charles Dorman.

The Mothers' Meeting for September 20th was held Monday afternoon at the pleasant home of Mrs. Charles Dorman, 605 S. Pleasant street. The usual shower for Mothers' Meeting day came in the early part of the afternoon and kept some of the ladies away, but about twenty-five were present and all seemed to feel repaid for the effort.

Mrs. Starke led the devotional exercises and gave a very helpful talk, taking for the subject of her remarks the latter part of the sixth verse in Hosea, fourth chapter. "Seeing thou hast forgotten the law of thy God, I will also forget thy children," bringing out the thought that we who lead the children must ourselves first be led.

After a short but earnest prayer all joined in singing a hymn.

The program was in charge of Mrs. Nannie Shutt and was very interesting, being as follows:

Solo, "The Holy City"—By the phonograph.

Reading—Miss Mary Baird.

"Mrs. Doolittle's Tonic"—Story read by Mrs. Gross.

Duet, "Sweet By and By."

Reading—Miss Belle Sadler.

"The Coming of Mary Elizabeth"—Read by Mrs. Doig.

Song, "Battle Hymn of the Republic."

The program was shortened owing to the lateness of the hour in commencing, but everything was of the very best, as the names of the artists would indicate.

The phonograph kindly loaned by Mrs. Lula Moody and operated by Master Albert Dorman was able to reproduce the voices almost to perfection, and they are always ready.

At the close of the program very delightful ice cream was served, made for the meeting by Miss Maude Shutt, and the ladies tendered her a vote of thanks for her kindness in leaving her work to do us this favor.

Hoppity Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature, use Ballard's Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1.00. Sold by W. M. Johnson.

Capt. Shehee's Menagerie.

Capt. W. G. Shehee of High Springs was among the visitors to Gainesville Wednesday. Besides conducting a first-class produce business, the Captain has one of the largest menageries in this part of the State and can supply most anything wanted in the animal line that the law will permit him to sell. His greatest money-maker, however, is the gopher, and he successfully raised a large number of them last season which found a ready sale in St. Augustine.

For Feverishness and Aching

Whether from Malarious conditions, colds or overeating, try Hicks' Capudine. It reduces the fever and relieves the aching. It's liquid—10, 25 and 50 cents at drug stores.

If you have found anything see if it is advertised in the Want column.

BULK OF COTTON CROP HAS BEEN GATHERED

STAPLE HAS BROUGHT GOOD PRICES AND MARKET UP.

All of the Real Fancy Cotton Has Long Since Been Gathered From Fields.

Some of the planters visiting Gainesville Wednesday stated that the bulk of the cotton crop had already been gathered, and while it was in a measure disposed of, those that are able are holding for a better price. Especially is this the condition of things in the western part of the county, where the staple is planted rather extensively, but what has always been a long season with them has been cut short over one-half by the heavy rains which fell in July and August and which caused the boll to shed.

Of course there will still be lots of cotton gathered from the fields, but the real fancy article is now about all harvested, and the present crop is the shortest that the county has known in years on account of the above conditions.

Cotton will continue to bear right along until frost comes, but the product will be of short staple and will not command the better prices. However, this will be sufficient to place a great deal of money in circulation and pay the farmer for his trouble in having the same picked.

The fields make excellent pasture after the crop has been gathered and a number of farmers use them for the purpose of fattening up beef cattle, hence this will help them to "come out" on the loss that they have sustained by the short crop.

Ginneries throughout the county that have heretofore been running night and day to keep up with the requirements will find themselves cut short of several weeks' work, for they will be able to take care of the remaining output with about half running time.

MELROSE MENTION.

MELROSE. Sept. 22.—The funeral of E. B. Lane, better known as Squire Lane, of Putman Hall, took place at Ellam Cemetery here on Friday morning, a very large number of friends being present to pay the last honors to their friend. Rev. B. F. Green officiated.

Simon Coward has recovered from his severe attack of lumbago and is about again. C. P. Huffman is also much better and able to be up once more. Good news has also been received from W. E. Baker at Valdosta; he expects to be home again in about two weeks.

S. McRae has bought a Brush auto and expects delivery of same sometime next week.

Rev. W. H. Williams, editor of The Florida Christian Advocate, preached two fine sermons here on Sunday, large congregations being present.

Mr. and Mrs. von Noszky left today for two weeks' visit to White Springs.

Kefler pears are still being shipped from here, bringing satisfactory returns.

Let a want ad. negotiate a trade for you—or something you don't need for something you do.

FARMERS SAVING HAY.

Tons Being Brought to Gainesville Daily Which Finds Ready Sale.

The farmers in and around Gainesville are busy with the second crop of hay and are disposing of tons of it in the local market daily.

Up to within a few years since such a thing as saving hay in this country was not known, but now fully one-half of the hay that is used in this section is the Florida product, and a number have provided themselves with bailing machines and place the product up in this manner to reach the small consumer and also get it handled among the local trade.

The quality of hay raised here will not come up to the extra fancy shipped goods, but it is sufficient and has the sustaining qualities to make it a valuable product and one that is yet destined to become a great factor for the farmers of Florida.

ICE CREAM SUPPER.

JONESVILLE, Sept. 23.—Miss Lizzie Hamilton and brother, John, attended church at Forest Grove Sunday.

Mr. and Mrs. Geo. E. Pickett are visiting the former's parents, Mr. and Mrs. Mrs. T. R. Pickett.

Mr. and Mrs. T. R. Pickett made a flying trip to Gainesville Saturday.

W. H. Pickett left Saturday for Atlanta, Ga., to enter college.

On Tuesday evening, Sept. 28th, from 4 o'clock until 12, there will be ice cream and cake served at the home of Mr. and Mrs. T. R. Pickett. Everybody cordially invited to attend. If you can't come in the evening, come in the afternoon, and if you can't come in the afternoon, come in the evening. There will be someone to wait on you from 4 o'clock on. We hope to make enough to finish paying for our church organ at this supper. Everybody come.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If it's complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge—the only cure that never fails and has no bad effects. Sold by W. M. Johnson.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address,
THE DAILY SUN,
Gainesville, Florida.

The country will not be on dress parade. President Taft will see it in all its great rugged simplicity.

Whenever James J. Hill is booked to make a speech you may be sure that the American farmer will be placed in the spot light.

It is estimated that 20,000 farms are for sale in New York State. The song of the city still sounds sweet in the ears of the country boy.

A Georgia woman proposes to breed chickens with only one leg, so that they could not scratch up the flower beds. But wouldn't that be more than offset by the absence of the extra drumstick? asks The Tampa Times.

The symposium on needed reforms in school management and tuition conducted by noted educators in a monthly periodical indicates a wide difference of opinion. This was to be expected considering the influence of local conditions and the varied individual tastes and preferences. Our school system in most States ranks high, but it is by no means perfect, and most people can see where, in their judgment, improvements may well be made.

City Editor W. W. Douglass of The Jacksonville Metropolis richly deserves the vacation he is taking—the first in fifteen years, says The Times-Union "Short Talks." He is the oldest editor in the State, in point of service. He has been twenty-two years with The Metropolis. He is spending his vacation in viewing the battle-fields of Virginia and the scenes amid which he marched and fought in his youth. Genial, modest and affable, Mr. Douglass' acquaintances are all his friends.

What is called genius and the result of genius is usually nothing more than a combination of common sense, hard work and steady application. When Anthony Trollope, the noted novelist, was congratulated on his imaginative power and literary success, he replied, "Imagination! my dear fellow, not a bit of it; it is cobbler's wax." He explained that enigmatical utterance by saying that it was by sticking to his chair, as wax would make him stick, and by plodding away at his work, his success was obtained. It was a case of stick-to-itiveness, and that quality in almost every instance is necessary if one would win.

Henry Watterson, it is said, forbids any reporter on The Courier-Journal to use the term "lady." The much-abused word is slowly going out of use in the South, where it is being relegated to the colored folks, who cling to it desperately among themselves. The term "woman" means so much more and has such an honest ring that it is much preferred by the "business woman," the "society woman," and that other blessed creature who is neither, but finds in her household and the rearing of her children all the career she wants. The misuse of the word is forbidden on about all of the metropolitan newspapers of the country, it may be observed.—Times-Union "Short Talks."

A FREE SUGGESTION.

Ultra-high protectionists have the opportunity of a life time in committing the Government (and the taxpayers) to some policy looking to the utilization of that portion of the Arctic Circle which has recently been added to the white man's burden through the instrumentality of American explorers.

The high protectionist school of political thought believes that stones by virtue of the tariff can easily be turned into bread. Why then should not the Arctic regions be protected? An air-tight wall might be erected on a line of the Arctic Circle, thereby giving much needed labor to the American mason, offering a market also to the cement industry and boosting the business of the lime kilns of the Maine coast. Then a glass roof might be built over the entire Arctic area, thereby furnishing a considerable order for the always hungry American window glass monopoly. The problem of heating the interior easily suggests itself. The coal trade, even if it were to exhaust our anthracite supply, could readily supply enough fuel to heat the enclosed space to the point at which some agricultural enterprise like the growing of protected pineapples could be started with reasonable prospects of success.

Let us be consistent, even if we break the tax-payer, says The Wall Street Journal.

A TRUE STORY?

E. L. Evans gives us a story this week that is rich in the extreme. A few nights ago he went home and found a cow in his yard. He drove her out. He then went into the house and later heard the animal in the yard again. He drove her out the second and third times. Ted Evans, his son, came home later and found the animal in the yard and drove her out. Mr. Evans then made an investigation and found the cow got in by wading around the fence on the river side. He hung up a lantern to deceive the cow as she came in, and the next morning, so he says, he found the cow in the yard with the lantern hung on her horns, using the same to hunt out the best grapefruit in his grove. Say what you please, but that was an intelligent cow. And the story is true—of course it is.—Fort Myers Press.

FLORIDA'S FUNNY FELLOWS.

At any rate, Cook's discovery was an all-white one.—Tampa Tribune.

Punta Gorda statistics still look fishy. The latest is a shipment of eight solid carloads.—Tampa Tribune.

Chattanooga should make a bid for that North Pole to tie the South Atlantic rag to.—Jacksonville Times-Union.

At the recent meeting in Winnipeg of the British Association it was stated that in hot countries and under a clear sky the heat derived from the sun was 7,000 horse-power per acre, and that although engineers have not yet learned to utilize it, in time they will. This is comforting to those who fear the exhaustion of our water power. But what if it should ultimately mean the transfer of our manufacturing centres from Pittsburgh and other Eastern cities to Arizona and New Mexico and the European centres to the Sahara desert.

FLORIDA SHIP CANAL ROUTE.

Commenting on the article in last week's Telegraph regarding the Florida ship canal, The Times-Union says:

"If what seems from the map to be the shortest of the feasible routes be chosen, that by way of Doctors lake and Black creek across to Cedar Key, it will certainly pass near Starke."

The route mentioned by The Times-Union is undoubtedly the shortest cut across the peninsula. It has also the advantage of making the greatest possible saving of distance, and the shortening of distance from Atlantic to Gulf ports is the main object of such a canal.

The high protectionist school of political thought believes that stones by virtue of the tariff can easily be turned into bread. Why then should not the Arctic regions be protected? An air-tight wall might be erected on a line of the Arctic Circle, thereby giving much needed labor to the American mason, offering a market also to the cement industry and boosting the business of the lime kilns of the Maine coast. Then a glass roof might be built over the entire Arctic area, thereby furnishing a considerable order for the always hungry American window glass monopoly. The problem of heating the interior easily suggests itself. The coal trade, even if it were to exhaust our anthracite supply, could readily supply enough fuel to heat the enclosed space to the point at which some agricultural enterprise like the growing of protected pineapples could be started with reasonable prospects of success.

Texas wants Cook and Peary. It is evident that Mr. Bryan's tariff talks have made a hot time in the old State.

You may find what you are looking for through a want ad. in The Sun.

TO KILL THE DANDRUFF GERM.

In the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have this brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

NEWS FROM ALL PARTS OF FLORIDA

Kissimmee has a new up-to-date enterprise, the Dickerson Concrete Works.

At Terra Ceia, the first of last week, fifty boxes of green grape fruit were shipped North.

The cornerstone of the St. Lucie court house was laid by the Ft. Pierce Masonic Lodge.

The Apalachicola Board of Trade are urging that a business college be established in that city.

The grocery store of R. R. Strange & Company, in Lake City, was entirely destroyed by fire on last Saturday.

Armour & Company are soon to erect a large storage warehouse in Pensacola which will cost about \$25,000.

The work of constructing buildings and the repair of the grounds for the forthcoming Marion County Fair is progressing rapidly.

The Cook Steamship Company of Miami is now an organized company, or will be as soon as the charter is issued. They have a capital stock of \$25,000.

The Lakeland school opened Monday with an attendance of nearly 700. They boast of having the largest enrollment of any school in the interior of Florida.

The people of Tampa want a union station, and have called a meeting to formulate plans for same to present to the State Railroad Commission for their consideration.

M. B. Stroud, a young white man who has been employed by the Tampa Steam Laundry, is now in the city jail awaiting a hearing on the charge of embezzlement.

Rapid progress is being made on the new public building at Fernandina. The basement walls are about complete up to the first floor and work on the building proper will now be pushed.

Mrs. E. C. Rowland has awarded the contract for the erection of a two-story apartment house for the Eureka Stone Paving Company. This will be the first cement house of its kind in St. Petersburg.

Notwithstanding the "off condition" of the phosphate market, Dunnellon still continues to improve. J. A. Grumbles has just had a handsome residence erected there which would do credit to any city.

Capt. J. M. Cobb, an aged veteran and commission man of Tampa, died at his home Monday. Capt. Cobb's death creates another vacancy in the rapidly thinning ranks of the Confederate camp, Loring, of that city.

The Ocala Banner says: "Former Governor Napoleon B. Broward has ordered several thousand banana plants from Honduras, and is going to experiment with his Everglades holdings as a banana plantation."

G. P. Neal of Daytona has a fine bed of strawberry plants of the Klondyke variety, from which he sold 12,000 and set out 5,000 plants last week. His bed is 20 by 150 feet and Mr. Neal estimates that it contains 50,000 plants.

On the 25th of this month the steamer "Magic City" of the Jacksonville-Miami Steamship Co. will sail from Miami. Jacksonville heartily welcomes water connection with Miami, as it is another step in her commercial growth.

The St. Augustine Transfer Company, who have conducted a magnificent delivery business for years, are to add an up-to-date automobile livery to their establishment. A splendid garage will be built and its equipment will be complete.

Walton is showing much activity in building. Among the most noticeable structures in the hands of the contractors is the addition of ten rooms with private baths at The Inn and a large room for office purposes.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

EMMA DRAPER.

Another Operation Avoided.

Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALVENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulence, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

to the warehouse of the Walton Fish Company.

The large launch tender to the State dredge at the head of the Miami river was practically wrecked last week by being jammed between the dredge and the freight tender. The bow of the launch was literally torn away. It was towed to the Huffstetler shipyards for rebuilding.

A killing occurred in Sarasota Saturday afternoon as a result of a quarrel starting over the collection of a small debt. Melvin Wright shot Tom Weldon with a shotgun loaded with buckshot, sixteen of them penetrating the abdomen and two passing entirely through the body. Weldon died a short time afterwards. Both men were negro fishermen.

The Salvation Army in Tampa are receiving many compliments on their good work. They report that during the past month 300 families have been visited and twelve accorded relief. The Army has used 950 pounds of ice and served 148 meals in its work of charity. Eighty people have been given lodging and fifty garments have been furnished the needy. Four situations have been found and three homes given to women. This is certainly a great work.

FOR CITY MARSHAL.

To the Voters of the City of Gainesville: A special election having been called on Tuesday, October 19, for the election of a Marshal to succeed Ben T. Arnow, resigned, I beg to announce that I will be a candidate for that office, and ask the support of my friends. Being thoroughly experienced along the line of police work, which has been gained by a practical experience, and being now acting Marshal, if my action in this capacity meets your approval, I ask your votes to be continued in office. Sincerely, HARRY L. OWENS.

I respectfully announce myself a candidate for City Marshal at the special election to be held on October 19th. I am in the race until the polls close on the day of the election, and respectfully solicit the votes of my fellow-citizens, promising, if elected, to perform the duties of the office without fear or favor. Give me your support, and you will never have cause to regret it.

CHAS. M. DELL.

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25c.

WANTED A BOARDING-HOUSE WITH LOTS OF PRETTY GIRLS.

ATLANTA, Ga., Sept. 22.—Because he had a friend who wanted a boarding-house where there was a lot of pretty girls, J. S. Gulley got into serious trouble and was fined \$5.75 by the recorder yesterday morning.

Gulley lives in the country a few miles from the city, near a settlement known as Ingleside. He is an elderly man and one who has long borne a most excellent reputation. He came to town last Monday and met a friend on Decatur street. The friend said he had left the country and had come to Atlanta to get work.

"I want a good boarding house," said Gulley's friend, "and I would like one where there are a lot of real pretty young ladies. You see, I am a great admirer of the fair sex."

Gulley is accommodating, if he is anything, and he told his friend just as happy hooligan would have done "I'll help youse."

Gulley thought he knew of a boarding-house at 49½ Decatur street, and he went to the place. He met Mrs. Mattie Craft, who, with several other married women occupy rooms in the flat. Gulley began talking about a boarding-house. He is not a very distinct talker and he was told that the place was no boarding-house. He apparently misunderstood the reply, for he at once blurted out:

"Say, are there a lot of pretty girls up here?"

That was too much, and Mrs. Craft and other women in the flat called for the police and had Gulley locked up.

By some queer freak of the pen, the charge against Gulley on the docket was "cruelty to animals."

To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by W. M. Johnson.

News in the Zoo.

"Were you a bull or a bear in Wall street?"

"Neither," answered the cautious man. "Not having funds to invest, I was a giraffe. I just rubbernecked."—Exchange.

One is Enough.

"Before she married him, you know, she used to say there wasn't another man like him in the world."

"Yes; and now she says she'd hate to think that there was."

The Worm.

The Henpecked Husband—Is my wife going out, Elsie?

"Yes, sir."

"Do you know if I am going with her?"—Exchange.

Deferred.

The Pessimist—We'll pay for all this fine weather later on. The Optimist—Well, cheer up! That's the regular time for paying for things, isn't it?—Puck

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, Homes of Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

B. H. LEVY, BRO. & CO.

SAVANNAH, GEORGIA

MOHAMMEDANS OF INDIA.

Superstition Seems to Govern Most of Their Actions.

Mohammedans of India are very superstitious. No Mohammedan will take a bath on Sunday or Tuesday. But if one bathes on Wednesday all misfortunes and misery that are in store for him till the next Wednesday will be averted. As a rule, all Mohammedans bathe on Fridays before going to perform the Jumma prayers. For donning new clothes Saturday, Sunday and Tuesday are regarded as bad days. If any one dons a new dress or puts on a new cloth or allows his tailor to cut a piece of cloth on these days, he will live a miserable life till that dress or cloth gets torn or is thrown away. If a shirt is torn and if the wearer wants to stitch it, it must be taken off, for if it is stitched while on the body the person will soon die. A Mohammedan will never allow a barber to come near him on Tuesdays, for Tuesdays and Saturdays and Sundays are bad days for shaving. If absolutely necessary he will get himself shaved on Saturday or Sunday, but never on Tuesday, as his star is supposed to fall in blood if he does so. If one receives money or some valuable thing, it is taken with the right hand, for if it is taken with the left the person receiving it is said to forget all about it very soon or to mislay it. A devout Mohammedan will not start on a journey on Wednesday, for it is believed he will never return home safely if he does so. And it is said that even a snake never ventures out of its hole on this day.

A Snake Story.

The family were at dinner when there came a tap at a door seldom opened. Winning no attention, it was repeated and again a third time, though more softly, and then the door was swung back and, behold, there was a snake, knocking at the portals of hospitality! Down upon its head, in conformity with the decree of tradition and with Ezra's understanding of scriptural direction, crushed a British boot. It was a mother snake, who, having bravely overcome her fear of man, was seeking sustenance, not for herself perhaps, though she was starving, but more likely for the little ones that were found in the grass by the brook. Thus for once, at any rate, did the craftiness of the devil succumb to the instinct of motherhood.—George B. M. Harvey in North American Review.

For HEADACHE—Hicks' CAPUDINE.

THE MILITARY SQUARE.

A Formation Borrowed by Wallace From the Flemings.

The greatest of all Scottish anniversaries is that of Bannockburn, fought in the year 1314. Apart from its bearing on the independence of Scotland, the battle will always have an exceptional interest from the military point of view, as Bannockburn may be said to have been the birthplace of the British square. "Proud Edward's" army mainly consisted of cavalry, while that of the Scots, on the other hand, was almost exclusively composed of foot folk armed with the spear, and these Bruce threw into "schiltroms," or oblong squares, a formation borrowed by Wallace from the Flemings, who had employed it with success at Courtray to resist the charge of the English cavalry.

Hitherto the mounted mail clad knight had carried everything before him, but Courtney and Bannockburn proved that he was powerless to break resolute spear armed infantry drawn up in "schiltrom," or hedgehog, formation, and these two battles revolutionized the tactics of the continent and of our own island. Profiting by the lesson which had been taught them at Bannockburn, the English applied the tactics of the Scots with brilliant success at Crecy and still more at Agincourt. As it was the Scots who may be said to have originated the British square at Bannockburn, so it was they again who at Balaklava were the first to discard it with their "thin red line," and now, owing to our changed conditions of warfare, it is discarded altogether.—London Chronicle.

FOR SILVER SERVICE.

Board of Trade Takes Action to Secure Funds.

At the suggestion of Mayor Davis, the Gainesville Board of Trade have taken up the matter of raising funds for the purpose of a silver service for the battleship Florida.

Parties desiring to contribute to the fund can notify B. F. Hampton, who is secretary, and the amounts will be credited. Following is the list of contributions up to last night:

B. F. Hampton	\$ 5.00
B. R. Colson	1.00
Shields Warren	1.00
H. S. Chubb	1.00
E. E. Cannon	1.00
J. B. Arnold	1.00
W. R. Thomas	1.00
W. W. Hampton, Jr.	1.00
E. D. Turner	1.00
H. P. Robinson	1.00
A. R. Harper	1.00
T. W. Shands	1.00
W. H. Anderson	1.00
R. G. Zetrover	1.00
J. W. Blanding	1.00
E. G. Baxter	1.00
Dr. Geo. S. Waldo	1.00
Phifer Bros.	1.00
Geo. K. Broome	1.00
Dr. H. C. Spencer	1.00
Hon. Frank Clark	1.00
Geo. Glass, High Springs.....	1.00

Contributions to the above fund will be received from parties residing at any point in Alachua county.

George IV's Hoardings.

One of the most inveterate hoarders on record was George IV. Not only was he averse to destroying books and papers, but he preserved everything that could possibly be kept. When he died all the suits of clothes he had worn for twenty years were discovered and sold by public auction. His executors also found secreted in various desks, drawers and cupboards numerous purses and pocketbooks crammed full of money to the extent, it is said, of £20,000, together with more sentimental treasures in the form of locks of hair from the tresses of forgotten beauties of the court.—London Graphic.

Disappointment.

Head Walter—What's the matter with that dyspeptic looking old chap over there at the fourth table?

Assistant—He's got a grouch. He was getting all ready to make a kick about that cantaloupe, and he found it was a good one.—Chicago Tribune.

Two Painters.

Highbrow (boastfully)—I get 20 cents a word for my stuff. I'm a word painter. Lowbrow (scornfully)—That's nothing. I get \$2 a word for mine. I'm a sign painter.—Exchange.

The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dullness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain

FOR SALE BY ALL DRUGGISTS

The "Macaroni."

The "macaroni" were exquisites or fops who in England and France led the fashions from 1780 to 1785 and were distinguished by an immense knot of artificial hair worn on the top of their heads. A small cocked hat which perched ridiculous on their topknot, satin or brocade coats and small clothes fitting tightly to the body and silk stockings with ribbon garters composed the costume of these fashionable gentlemen, who invariably carried a long walking stick with tassels attached and frequently a bouquet tied to the handle and encouraged a mingling and affected gait and manner.

There was during the war for independence a body of Maryland soldiers who on account of their showy uniforms were called "macaroni."

BILL FOR DIVORCE.

In the Circuit Court, Eighth Judicial Circuit, Alachua County, Florida—in Chancery, Minnie Maine vs. W. G. Maine—Order Petition.

It appearing by affidavit appended to the bill filed in the above stated cause that W. G. Maine, the defendant therein named, is a non-resident of the State of Florida, but is a resident of Western Rhode Island, and that there is no person in this State the service of such process upon whom would bind said defendant, and that he is over the age of twenty-one years; it is therefore ordered that said non-resident defendant be and he is hereby required to appear to the Bill of Complaint filed in said cause on or before Monday, the 10th day of October, A.D. 1909, otherwise the allegations of said bill will be taken as confessed by said defendant.

It is further ordered that this order be published once a week for four consecutive weeks in The Gainesville Sun, a newspaper published in said county and State.

This August 18th, 1909.

A true copy of original.

TELEPHONE TALKS
The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operation.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere and ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Southern Bell Telephone and Telegraph Company

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit

a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks.
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms.
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.

Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Four furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
One photograph gallery.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows.
Florida Winter Chautauqua.
First-class sewerage system.
One semi-weekly newspaper.
Five life insurance agencies.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
The Diocesan School of Florida.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.
Two wholesale grain and feed stores.
Two wholesale grocery establishments.
Water "that has made Gainesville famous."

The finest opera house in the State outside of Jacksonville.
A Government building now being erected to cost when completed \$150,000.

Carpenters, masons, plasterers.

painters, printers, machinists and laboring men galore.

More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.

An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

New car of horses and mules—the third one. Oliver & Kite.

Louie Bartlett of High Springs was a visitor to the city yesterday.

E. J. Baird left yesterday for a short business trip to Leesburg.

C. C. Myers of High Springs was among the visitors to the city yesterday.

M. Baldwin of Waldo was among the visitors to the county capital yesterday.

J. R. Williamson, one of the prominent citizens of Quincy, was a visitor to the city yesterday.

J. M. Turner, one of the farmers of the Lake View section, was visiting in Gainesville yesterday.

Parents would do well to inspect the large stock of solid leather school shoes to be found at Hyde & Tench's.

For first-class resin barrel staves, and heading, write or phone T. J. Cone, Raleigh, Fla. Can make prompt shipment at market prices.

R. C. Brown of Grove Park was among the visitors to the city yesterday. He says that things are lively in his section of the county.

To call it a hotel will not change it to one, if it is run on boarding-house principles. For up-to-date service, table and general tone, stop at the Brown House.

W. E. Brown, the trucker of Archer, was transacting business here yesterday. He says that the vegetable men are busy with their work making ready for the fall crops.

H. H. Rogers of Levyville, one of the turpentine producers of that section, was a visitor to the city yesterday. He now has that pleasant smile that "won't come off" since the advance in spirits and rosin.

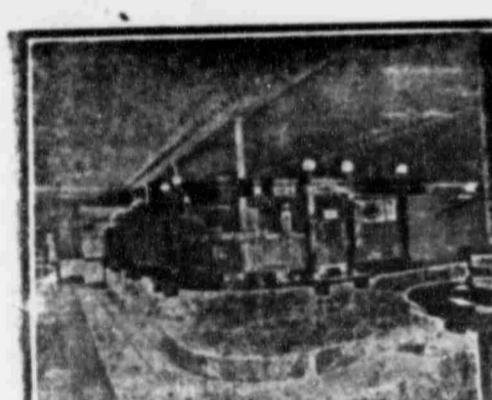

Mrs. D. H. Scott, nee Miss Edith Baird, is in the city from her home at Arcadia on a short visit to her parents, Mr. and Mrs. E. J. Baird, East Gainesville. She expects to remain here about a week before returning to her home.

Neil Rain, accompanied by his son, Joe, of the Jonesville section, were visitors to Gainesville yesterday. Mr. Rain is one of the largest and well-to-do planters of that place and has a host of friends in Gainesville who are always pleased to greet him.

DeWitt's Little Early Risers, the safe, sure, easy, gentle little liver pills. The original Carbolized Witch Hazel Salve is DeWitt's. The name is plainly stamped on every box. It is good for cuts, burns, bruises, sores, boils and sunburn—but it is especially good for piles. Sold by all druggists.

Delicious Puddings made from JELL-O ICE CREAM Powder

Mix together one package Jell-O Ice Cream Powder (any flavor) and two heaping tablespoonsfuls of corn starch. Dissolve in a little cold milk. Stir this mixture into one quart of boiling milk and cook until sufficiently thick, usually from one to two minutes. Serve with milk, cream or any good pudding sauce. Use double boiler or stir constantly to prevent scorching. May be garnished with strawberries or any small fruits.

Stir a package of Jell-O Ice Cream Powder into a quart of milk and make two quarts of fine ice cream at one cent a dish.

Sold by all Grocers. 2 packages 25c. Illustrated Recipe Book Free. The Genesee Pure Food Co., Le Roy, N.Y.

For Sale—Thirty-gallon gasoline tank. Inquire this office.

T. W. Fielding returned yesterday from a short business visit to Jacksonville.

C. L. Denton, a trucker of Micanopy, was transacting business in the city yesterday.

W. D. Sheppard, representing the C. W. Bartleson Company, is in the city looking after his interests.

Baird Theatre Motion Pictures and Vaudeville Show will begin October 1st and continue through season.

W. A. Shaw and son, Henry, of Monteocha, were visitors to the city yesterday on a trading expedition.

Mules and Horses—We have car of first-class driving and saddle horses, also farm and log mules. Oliver & Kite.

Flavor your desserts with Blue Ribbon Vanilla Extract and see how delicately and deliciously they are flavored.

Chas. Pinkson has returned from a short business visit to Jacksonville, where he has been in the interest of the Atlantic Coast Line.

T. J. McRae, the furniture broker, left yesterday for a business visit to Lake Butler and other points, where he goes in the interest of his line.

None better than the solid leather children's school shoes to be found at Hyde & Tench's. The best values you ever saw for the hard use of the children.

Orlando B. Weeks of Waldo was in the city yesterday. He says that Waldo is picking up considerably and business is much better than for some time.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscleache, two hours; sore throat, twelve hours—Dr. Thomas' Electric Oil, monarch over pain.

Mrs. C. A. Faircloth, who has been spending the past summer in Alabama, is expected to arrive in the city today. During her absence she was joined by Mr. Faircloth and they visited a number of places.

J. B. Brooks, of the Gainesville Bottling Works, made a short business trip to Worthington Springs yesterday. He is now handling his goods in all sections and is doing a most satisfactory mail order business.

J. M. Wolfenden of Worthington Springs was a business visitor to Gainesville yesterday. He was formerly engaged in the crate and basket business at Sampson City but now has a large plant of the same kind at the above place.

Take care of your stomach. Let Kodol digest all the food you eat, for that is what Kodol does. Every tablespoonful of Kodol digests 2½ pounds of food. Try it today. It is guaranteed to relieve you or your money back. Sold by all druggists.

F. B. Godfrey, cashier of the Bank of Alachua, was transacting business in Gainesville yesterday. He states that the little city is very active now over the cotton situation and that the streets present a lively scene with the wagons loaded with the fleecy staple daily.

Gus A. Morton of Williston, one of the largest truckers of that place and a general all-round jolly good fellow, was meeting his host of Gainesville friends yesterday. He says that much preparation is being made by the planters and that the spring crops will be large.

G. W. Peacock of Hawthorn, a successful planter of the East End, was transacting business in the city yesterday. He was accompanied by his brother, J. W. Peacock, and they both made a pleasant call at this office, the former renewing his subscription to the semi-weekly for another year.

J. V. Denton of New York City, well-known in this county, was here for a short while yesterday.

Mrs. J. W. Alsop leaves today for Archer, Williston and Cedar Key, where she will be absent for the next two weeks visiting friends.

R. B. Bostick, claim agent for the Atlantic Coast Line, returned yesterday from a short visit to points in the southern part of the State.

N. C. Pettit of Waldo is among the prominent visitors to the city. He has a large number of acquaintances here who are always pleased to meet him.

Mrs. McCalvey of McIntosh, who has been here for the past number of days visiting her sister, Mrs. Jas. S. Bodiford, returned to her home yesterday.

Judge Syd L. Carter returned yesterday from Bronson, where he has been since Monday attending the regular fall term of circuit court for Levy county.

S. E. Row, who is engaged in business at Ocala, was among the visitors here yesterday. He was formerly interested in Dunnellon, but for the past five years has been in Ocala.

J. H. Tench, the clever freight agent of the Atlantic Coast Line, returned Wednesday from New York City and other points, where he has been enjoying his vacation. He reports a good time.

Born, to Mr. and Mrs. G. Hartwell Kelley, a fine boy at their home at Prairie Creek on Wednesday. Both mother and child are reported as doing nicely, while Papa Kelley is the proudest man in the county.

School Shoes for Children—We have just what you are looking for and having purchased extra heavy, will retail them out to our customers at a bargain. Guaranteed solid leather and are wearers. See them at Hyde & Tench's.

W. M. Torley, the efficient jailor at the county jail, returned yesterday from his annual vacation, which has been spent with relatives at Wacahoota and other points. He states that he has had a most pleasant time and returns to his duties much recuperated.

J. L. Weinberg, who was formerly engaged in the realty business here with R. E. Lartigue, arrived in the city last night on a short business visit. For the past number of weeks he has been located at Live Oak, where he has been doing a good business in the insurance line.

H. A. Williams, one of the prominent citizens of Waldo and an extensive planter of that place, was a visitor to Gainesville yesterday. For a number of years he was one of the largest merchants of that section and it is highly probable that he will shortly engage in the business again.

Mrs. W. L. Hill and children, who have been spending the past two months at Cumberland, Md., returned to their home here last night. They have had a most delightful trip and feel that the same has been highly beneficial. The greater part of the time was spent with Mrs. Hill's relatives.

Lost—Ladies' solid gold hunting-case, "O"-size Waltham-movement watch, with small scratched number in back case X 7179; on fob was a Randolph-Macon pin and half-dollar charm. May have been lost on Gainesville-Rochelle-Micanopy road. Reward for return of same to this office.

A. J. Briggance of Ocala was in the city yesterday. He was en route to Bronson, where he goes for five prisoners convicted at the present term of court and sentenced to the State penitentiary. Mr. Briggance has a large number of friends in Gainesville who are always pleased to meet him.

Do not be deceived by unscrupulous imitators who would have you believe that the imitation pills are as good as DeWitt's Kidney and Bladder Pills. There isn't anything just as good as these wonderful pills for the relief of backache, weak back, inflammation of the bladder, urinary disorders and all kidney complaints. Anyone can take DeWitt's Kidney and Bladder Pills as directed in perfect confidence of good results. Sold by all druggists.

Street Sprinkler Out. The street sprinkler was placed in commission again Wednesday afternoon, which added much to the convenience of the people that were compelled to be on the streets. It also saves the merchants a good deal in protecting their goods and should be run regularly.

STORM LOSSES WILL REACH INTO MILLIONS

Five Dead at New Orleans, While Property Loss There and Elsewhere is Great.

NEW ORLEANS, La., Sept. 22.—While the re-establishment of communication with isolated points along the Gulf Coast of Louisiana and Mississippi may add a few to the number of persons who lost their lives as a result of Monday's hurricane, the indications are that the list of dead will not be swelled very materially. Besides the five men who lost their lives in New Orleans Monday, but four deaths have been definitely shown. These include two at Jackson, Miss., and one at Gramercy, La., and one at Palquemine, La.

The day was marked by the usual rumors which follow immediately after a severe storm on the Gulf Coast. All kinds of reports became current in connection with the fate of 500 passengers in a Gulf Coast train on the Louisville and Nashville railroad.

The train had last been heard from early Monday at Chef Menteur, a fishing camp twenty miles away. Developments during the day proved the passengers had been marooned for a day and a half on a small strip of land with practically nothing to eat and with the hurricane sweeping in waves which threatened to engulf them. There were many women and children among the passengers.

Steamer Rescues Train.

The scene at Chef Menteur Mon-

day night was a pitiful one. No sign of relief was in sight and the passengers did not believe that their friends in New Orleans were aware of their plight. A representative of the Associated Press headed a party of male passengers who worked their way through the swamp and marsh to a point where they were picked up in an exhausted condition by a relief train which brought them to New Orleans. Their report of the destruction of the Louisville and Nashville tracks and the flooding of that section resulted in a relief party being sent by steamer by way of Lake Pontchartrain.

Food was taken out on the relief steamer which last night returned to New Orleans with those who had been marooned at Chef Menteur since Monday.

That considerable property damage and possibly some loss of life was caused at points west of New Orleans is believed here. The hurricane headed in a northwesterly direction from New Orleans, according to the local office of the United States weather bureau. The section is completely cut off from New Orleans and it is impossible at this time to obtain any definite news from there.

300 Coal Barges Sink.

It is reported that nearly every

Florida Convicts Will Receive Tickets to Their Homes

Governor Gilchrist has pointed out to the various boards of county commissioners a certain law which was passed at the last session of the Legislature changing somewhat the status of county prisoners.

One section of the new law makes it the duty of the county commissioners to provide that on the discharge of any county convict, at the expiration of his sentence, he shall be returned to the place of his conviction, or the price of his fare to such place in money given him.

In addition to this the convict, if his sentence did not exceed four months, shall be paid three dollars, in cash, and five dollars if his sentence exceeds that term.

The money so paid is to be taken from the hiring fund if the prisoners are leased; but if they are not, then the money must be paid out of the

fine and forfeiture fund of the county. The intent of the provision is a most human one, says The Miami News-Record.

A prisoner is often discharged from service at a place some distance away from his home, without a cent in his pocket, either to provide food for himself or to pay his fare to any place where he may find friends or work.

The practical effect will be to lengthen the terms of convicts serving time for misdemeanors.

Judges will naturally see to it, in making their sentences, that the extra expense imposed by this recent law is paid for in hard labor by the convicted man, and will impose such sentences as will cover the added cost.

On the whole, however, the law is a good one, and will probably work well in actual practice.

Nearly a Carload of Liquor Was Found at Boardman

Ocala, Sept. 22.—One of the most important blind tiger raids ever made in this county was brought to light Monday night on the arrival of Deputy Sheriff Hutson from a visit through the northern part of the county. Three arrests were made, two at Boardman and one at Fairfield. The prisoners are Henry Wall, Sim Simpson and Andrew Reggen, all colored.

The first place visited was at Boardman, and from the amount of wet goods found in the place, business was very thriving, and was conducted along wholesale lines. Nearly a carload of liquor was found by the officer and brought to this city. The

second emporium was located at Fairfield, but this place was conducted on a much smaller scale. The prisoners were locked up in the county jail, and will be given a preliminary trial before Judge Bell.

Violating Game Laws.

C. W. Parker, living near Silver Springs, who was arrested Monday afternoon, charged with violating the game laws, was sentenced to pay a fine of \$50 and costs, and to serve ten days in the county jail. The specific charge against the defendant was the killing of three wild turkeys in Marshall swamp.

plantation between New Orleans and Baton Rouge suffered damage from the storm. Many sugar houses were demolished in whole or in part and the cane crop was seriously injured. It is believed that the damage to the cane crop will amount to a million or more dollars.

A negro laborer was killed in the collapse of a sugar house at Gramercy.

Two hundred barges of coal valued at about \$600,000 were sunk in the Mississippi river here as a result of the hurricane. It is said that about 75 per cent of the coal can be recovered. News has reached here that 106 barges loaded with coal went down in the Mississippi river near Lobdell, La., as a result of the hurricane sweep. The cargo was valued at \$500,000. It is possible that portion of it can be saved.

DEATH FOLLOWS IN STORM KING'S WAKE.

JACKSON, Miss., Sept. 22.—Two persons were killed here as a result of the storm which swept portions of Mississippi Monday. Their death was caused by falling walls. Hundreds of buildings were unroofed in the city, fences carried away and trees uprooted. The east dome of the new capitol building was crushed in and a number of upper rooms flooded. The equinoctial hurricane swept upward from the Mississippi coast, carrying death and destruction in its wake. It is believed that other lives have been lost and property damaged to the extent of several million dollars. Wires are down in all directions and Jackson has been almost entirely cut off from the outside world since midnight Monday. Train service is crippled, and no passenger trains have reached this city over the Illinois Central from the South since Monday afternoon. Charles Clayton and Karl Wooster, blacksmiths, were caught beneath falling walls here and badly mangled. Wooster was killed outright, and Clayton died yesterday.

The old capitol building was unroofed, several sections of the roofing being carried hundreds of yards. The stables at the fair grounds were demolished and several of the exhibit buildings badly damaged.

In the business district, many signs were carried away, roofs taken from buildings, plate glass windows broken and stores flooded.

It was a sleepless night for the entire population of Jackson. When morning came they found the street strewn with debris, telephone and telegraph wires in a hopeless jumble and evidence of property loss that will amount to many thousands of dollars.

Meagre reports are coming in from South Mississippi and all carry a story similar to that of the damage inflicted in Jackson save that the destruction was much more extensive as the coast was approached. It is believed that the timber destruction will equal that of four years ago when more than five million dollars worth of timber was felled.

Both of the power plants in Jackson were put out of commission before midnight and the city was plunged into total darkness. Power service was partially restored yesterday morning.

DAMAGE AT PENSACOLA.

PENSACOLA, Fla., Sept. 22.—The damage caused by the Gulf storm of Monday night and Tuesday morning has been light as compared with previous years, notwithstanding the wind blew with almost hurricane force throughout the night and the tides were higher than for several years. The greatest loss was the washing away of tracks along the bay shore and the wrecking of small boats and timber rafts.

M. B. Stroud, a young white man who has been employed by the Tampa Steam Laundry, is now in the city jail awaiting a hearing on the charge of embezzlement.

COOK'S BROOKLYN RECEPTION RESEMBLED RIOT

Struggling Masses Fight One Another in Efforts Gain View of Explorer.

NEW YORK, Sept. 22.—"I come from the pole. I have brought my story and data with me. I do not come home to enter into an argument with one or fifty men, but I am here to present a clear record of a piece of work of which I have reason to feel proud. I am perfectly willing to abide by the decision of competent judges. My report will not be presented, but I bring America living witnesses to prove that I have been to the pole."

This was the statement made by Dr. Cook yesterday. Early in the morning the explorer of the polar regions was on the deck of the "Oscar II" awaiting the arrival of Mrs. Cook and his two daughters. As soon as they arrived, Dr. Cook, regardless of the cameras trained on him, embraced his wife and children. Soon Dr. Cook was transferred from the "Oscar" to the "Grand Republic." As he stood aboard a young lady threw a wreath of roses around his neck.

The Brooklyn reception resembled a riot as struggling masses of humanity sought to see Dr. Cook. With great difficulty the police made way for his automobile, which he entered as soon as he landed and drove through the streets to the Bushwick Club, where, after luncheon, the doors

were thrown open and the multitude gathered in the streets filed through to see the noted explorer. After three hours the doors were closed, and the public reception ended.

Dr. Cook refused to discuss the controversy further until Peary arrived. When he arrived at the club a multitude wildly cheered him, calling a speech. He bowed to them and entered the club.

WILL ACCEPT NO INVITATION

SYDNEY, Sept. 22.—Commander Peary will accept no invitations receptions or public honor until question of the discovery of the pole is decided by scientific authorities. He issued a statement to this effect last night.

He said he couldn't tell when the public would be given a statement but that it would not be long, probably two weeks. He leaves Sydney this morning and will reach his home on Eagle Island Friday.

Commander Peary reached here yesterday morning, and as the ship came in the harbor he was given a hearty welcome. Mrs. Peary and children met him ten miles from here, and threw kisses to the commander while the crew of the "Roosevelt" cheered.

Mystery Surrounds Disappearance of Sarasota Man

SARASOTA, Sept. 22.—Much mystery surrounds the disappearance from Sarasota of T. C. White, who had been the engineer of the ice plant up to three weeks ago. Mr. White left his duties at the ice plant to go to Fort Myers, as he alleged, to obtain an option on a certain piece of phosphate land. Two local capitalists made the trip with him, looked over the property on which an option was to be obtained, and allege that they gave Mr. White \$300, which was to be paid down on the option, in which the three were to have equal interest. White departed with the \$300 to get the necessary signatures at Fort Myers. He wired his partners that the option was all right, but that he would have to go to Plant City to get a signature. He spent Sunday, September 5, with his wife, who was visiting her parents at Starke. He took a train from there at 4 o'clock

Sunday morning, ostensibly to go to Plant City to get the signature referred to. That is the last known him. His wife returned to Sarasota Saturday evening from her visit to her parents, nearly distracted.

White had been suffering for sometime from a discharge from his right ear which was very painful, and had been unable to sleep unless under the influence of morphine. His wife fears that he may be ill and in some hospital or asylum. His brother-in-law, who is a resident of Jacksonville, has searched the hospitals of that city without success. He left a few bills due in town and these, together with the \$300 entrusted to his care to obtain the option referred to, are considered by some to be strong reason for believing that his absence was premeditated. He has been a wanderer over many lands, according to his talk among his associates.

State Wants \$250,000,000 From Insurance Companies

VICKSBURG, Miss., Sept. 22.—Supplementary to a suit recently filed by Attorney-General Stirling and District Attorney Strange at Tupelo, alleging violation of the anti-trust laws of this State by seventy-two insurance companies, District Attorney J. D. Thames filed a suit yesterday in the chancery court here against thirty other companies operating in Mississippi, seeking the assessment of maximum penalties aggregating \$250,000,000. The suit filed yesterday is styled the State of Mississippi ex rel., complainants, vs. Globe and Rutgers Insurance Company, et al., defendants. The declaration says in effect

that the companies sued own stock in other insurance companies which are competing corporations and, it is alleged, this is in violation of the anti-trust laws of Mississippi. The penalty for violations of the anti-trust laws is prescribed as not less than \$200 nor more than \$5,000 per day. The suit is in relation to alleged offenses committed from the first of January, 1908, up to the present time.

The work of constructing buildings and the repair of the grounds for the forthcoming Marion County Fair is progressing rapidly.

BAR ASSOCIATION HONORS THE MASON

ELOQUENT PRESENTATION AD-
DRESS BY SYD L. CARTER.

Judge Mason Responded With Feeling,
Paying High Compliment to the
Alachua County Bar Association.

From Sunday's Daily Sun:

One of the most touching incidents of the fiftieth anniversary, or golden wedding, of Judge and Mrs. H. G. Mason, which occurred at their home on Wednesday, the 15th inst., was the presentation by the Alachua County Bar Association of two handsome gold-headed silk umbrellas, appropriately engraved.

The committee from the bar association, comprising Judge Horatio Davis, president of the association, and Attorneys T. W. Fielding, Evans Haile, Robt. E. Davis, Syd L. Carter and T. B. Ells, Jr., called at the home at a late hour in the afternoon, when they were warmly welcomed by the genial Judge and his good wife.

The Presentation Speech.

Judge Carter, who had been selected as spokesman by the committee, made the presentation speech in the following neat words:

"Judge Mason—Through the partiality of the president of the Bar Association and the committee selected by him, a very pleasing duty has fallen to my lot, to wit: the presentation to you and your consort of these two sunshades. Their intrinsic value is small, but the spirit that prompted the gift is beyond price."

"A half century ago, in the full vigor of youthful manhood, you entered into that marriage relation which the Christian religion teaches us is the holiest estate. It is a matter of gratification to your friends that a merciful providence has seen fit to illustrate and emphasize that Bible truth by permitting you to enjoy that relation for such a length of time. As your feet near that dim and misty line that marks the end of mortality, it must be a source of supreme consolation to you that that same merciful Providence has vouchsafed to you the companionship of the one whose plighted troth you won so long ago.

"To you, Mrs. Mason:
"The sweetest thought as you journey hand in hand to that peaceful shore

"Which time's tempesting waves shall dash no more."

"Must be that in that long ago, when, with bounding pulse and dimpling cheeks, you plighted your troth, it was to one who in his life has illustrated the highest ideal of American citizenship, and whose private and public character is as pure as the mountain tops' snow thrice battled by the Northern blasts.

"That your husband may be long spared to fill the responsible and exalted position he now occupies, and that you may be spared to still be his solace and comfort, is the earnest wish of each and every member of this Bar Association of Alachua County, of which your distinguished husband is an honored member."

Judge Carter, who is regarded as one of the most eloquent orators of the State, seemed at his best on this occasion, and his remarks fell with great impressiveness upon the ears of those about him.

Judge Mason's Reply.

Although somewhat feeble from the exercises of the long day, Judge Mason was equal to the occasion, and replied to the address of Judge Carter feelingly, as follows:

"Gentlemen—I thank you for these beautiful gifts in commemoration of this fiftieth anniversary of our marriage. It affords us pleasure beyond the power of expression to receive from your hands these beautiful mementos of this happy occasion. I assure you they are highly prized for their beauty and value—and doubly so because of the source from which they came; but while they are so highly valued for their beauty and usefulness, and will be so cherished for many days yet, in comparison with our appreciation of the sentiments and kind words you have expressed in presenting them, they are as nothing. Indeed, I estimate the confidence and respect of fellow-men, and particularly of the members of the Alachua County Bar Association, with whom I have been so long as-

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering."—Mrs. GEORGE JORDY, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

sociated, far above and beyond the value of any substantial gifts. To attain this has been one of the highest aims of my life, and to be thus assured by your generous words and acts, that I have the confidence and respect of those who know me best, is a reflection that gives to us the largest portion of happiness on this occasion, and inspires me with the hope that whether my time of service be many days or few, I shall still be worthy of the full measure of confidence and esteem which you have so touchingly expressed.

Gentlemen, in behalf of my wife and for myself, I most heartily thank you."

LETTER TO L. C. GRACY,

Gainesville, Florida.

Dear Sir: There is only one paint that takes least gallons to cover a job; Devoe. All the rest of the more than 200 makes of paint in the United States take more. On a 10-gallon job the next-best paint

take one gallon more	\$5 more	
another	two "	10 "
"	three "	15 "
"	four "	20 "
"	five "	25 "
"	six "	30 "

"	eight "	40 "
"	nine "	45 "
"	ten "	50 "
"	eleven "	55 "
"	twelve "	60 "

and that is about the worst. On a 100-gallon job, the extra cost of the work is about \$600.

There are paints at every figure, more as the cost runs up.

There is only one paint that takes least gallons; Devoe. Yours truly,

F. W. DEVOE & CO.

P. S.: The Gainesville Hardware Co. sell our paint.

A Surprise Party.

Thursday evening at 7:30 o'clock a jolly crowd met at Clyatt Station and tendered Mr. and Mrs. W. M. Burch a surprise, given in honor of their sister and daughter, Mrs. Martha Brooks of Daytona, and Mrs. Merthon J. Main of Nocatee, their visiting guests.

Delightful and laughable games were indulged in, and then Mrs. R. M. Chamberlin passed around delicious cake, pickles and lemonade. The remainder of the evening was spent in pleasant conversation until the wee sma' hours. Those who were so fortunate to be present departed, voting Mr. and Mrs. Burch royal entertainers.

A GUEST.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscleache, two hours; sore throat, twelve hours—Dr. Thomas' Electric Oil, monarch over pain.

EDUCATIONAL CAMPAIGN IN FLORIDA

CAPT. LYNCH MAKES APPOINTMENTS FOR MEETINGS.

Dates and Places Where Meetings Will Be Held During the Month of October.

Following is the schedule of meetings to be held under the direction of the Conference for Education in Florida:

Gainesville, October 8th...8:00 p. m
Lake Butler, October 9th...10:00 a. m
Waldo, October 11th...9:00 a. m
Citra, October 13th...3:00 p. m
Ocala, October 12th...9:00 a. m
Dunnellon, October 12th...8:00 p. m
Inverness, October 13th...9:00 a. m
Floral City, October 13...8:00 p. m
Croom, October 14th...10:00 a. m
Brooksville, October 14th...8:00 p. m
Webster, October 15th...11:00 a. m
Leesburg, October 15th...8:00 p. m
Dade City, October 16th...10:00 a. m
Richland, October 16th...7:30 p. m
Lakeland, October 18...9:00 a. m
Bartow, October 18th...8:00 p. m
Ft. Meade, October 19...10:00 a. m
Wauchula, October 19th...8:00 p. m
Arcadia, October 20th...10:00 a. m
Ft. Myers, October 21st...9:00 a. m
Buckingham, October 21st...1:00 p. m
Punta Gorda, October 22nd...9:00 a. m
Limona, October 23rd...10:00 a. m
Port Tampa City, October 23, 8 p. m
Bradenton, October 25...9:00 a. m
Palmetto, October 25...11:00 a. m

Manatee will be requested to meet with Bradenton.

Seffner, October 26th...9:40 a. m
Plant City, October 26th...2:00 p. m
Auburndale, October 27th...9:00 a. m
Kissimmee, October 27th...3:00 p. m
Orlando, October 28th...9:00 p. m
Sanford, October 28th...3:00 p. m
DeLeon Springs, October 29, 9:00 a. m
Pomona, October 29th...8:00 p. m
Palatka, October 30th...9:00 a. m
Daytona, November 1st...9:00 a. m
Miami, November 6th...9:00 a. m

Schedule for Lemon City and Boynton will be announced when we hear respectively from county superintendents Tedder and Hall.

Green Cove Springs, Nov. 10, 9 a. m
Jacksonville, November 10, 8:00 p. m
Yulee, November 11th...11:00 a. m
Fernandina, November 11th, 8:30 p. m
Baldwin, November 12th...9:00 a. m
MacClenny, November 12th...8:00 p. m
Sanderson, November 13th...9:00 a. m
Lake City, November 13th...8:00 p. m
Welborn, November 15th...8:00 a. m
Live Oak, November 15th...8:00 p. m
Lees, November 16th...2:00 p. m
Madison, November 16th...7:30 p. m
Greenville, November 17th...9:00 a. m
Monticello, November 17th...3:00 p. m
Lloyd, November 18th...9:00 a. m
Tallahassee, November 18th, 8:00 p. m

The schedule for points in West Florida will be announced later, also for Levy, Bradford, LaFayette, Hamilton and Taylor counties.

GEO. M. LYNCH,

General Manager Educational Campaign.

A Narrow Escape.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." J. W. McCollum & Co.

Notice of Dissolution.

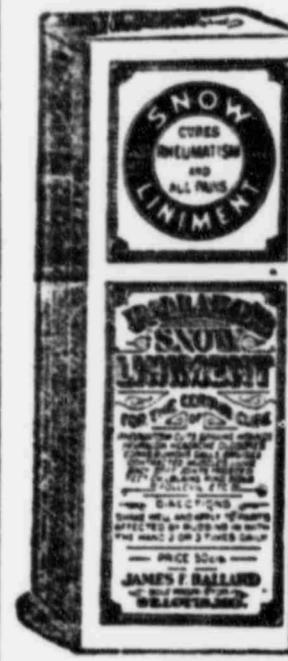

Notice is hereby given that the firm heretofore doing business at Archer, Florida, under the name of Hodgson & Wood, has been dissolved.

R. B. HODGSON.

Health and Beauty Aid.

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Orino Laxative, for indigestion, stomach and liver troubles and habitual constipation. Cleanses the system and is pleasant to take. W. McCollum & Co.

HIGH SCHOOL HAS BIG DAY ON ITS OPENING

LARGEST ENROLLMENT IN HISTORY OF THE INSTITUTION.

Attendance Was Greater Than at Any Period Last Term, and All Hard at Work.

From Tuesday's Daily Sun:
The opening of the Gainesville Graded and High School on Monday morning was one of the greatest events of its kind ever witnessed in the city for a matter of attendance, which shows that a remarkable increase has been made in the city within the past year.

The attendance for the first day was four hundred and fifty-one, just seventy-five more than were enrolled on the first day of last year. The number in attendance Monday was also greater than the total enrollment for any month of last session.

Following the enrollment of the pupils and the proper classification, they were marched into the large auditorium for chapel exercises and quite a number of the citizens and patrons were present for this occasion but not nearly as many as desired by the teachers who labor so hard for the interest of the children and the general welfare of the city.

Appropriate addresses were made by Dr. A. A. Murphree, President of the University, Rev. T. P. Hay of the Presbyterian church, Rev. F. H. Craighill of the Episcopal church and Capt. G. M. Lynch, who has charge of the department of secondary education at the State University.

Dr. Murphree reviewed the relation of the public school to the State University, and expressed the desire that it might be officially named, and made in reality, the University High School. He further stated that Gainesville boys would not be permitted to enter the University until they have completed the tenth grade and advised them to graduate in the High School before applying for admission to the institution of which he is the official head.

Prof. Cassells and his efficient corps of teachers have entered upon the season's work with a vim and will do their utmost to make the present session of the High School the largest and most successful in its history. In this they should have the hearty co-operation of every citizen of the city.

It is believed that with the extra large enrollment, it will reach in the neighborhood of 600 before many weeks have passed, for quite a number of families are still absent from the city who will return within the next few weeks.

State of Ohio, City of Toledo,) ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. PAM-ALA

Is Mightier Than

QUININE

The cause of Malaria arises from swamps or effluvia from decomposition of animal or vegetable matter. The effect is to produce fevers, known under many names in different parts of the world, as Chills and Fever, and Fever and Ague, etc. In the past the Doctors' only remedy was Quinine, a very useful, but dangerous drug. The Cure for Malaria is

PAM-ALA

Sold by all druggists. \$1.00 Bottles.

CUTICURA CURED CHIEF OF POLICE

Canadian Officer Poisoned by Weeds—Eczema Developed and Legs Became Scaly—Ankles were Very Sore and Itchy—For Weeks He Could Not Wear Shoes.

FREED FROM ITCHING BY CUTICURA REMEDIES

"I have been successfully cured of dry eczema. I was inspecting the removal of noxious weeds, it being part of my duty, from the edge of a river and was constantly in the dust from the weeds. At night I shook out my trousers and cleansed my limbs, but felt a prickly sensation. I paid no attention to it for two years, but I noticed a scum on my legs like fish scales. I could scrape it off, and yet I did not attend to it until it came to be too itchy and sore and began getting two running sores. My ankles were all sore and scabby and I could not wear shoes. I had to use carpet and felt slippers for weeks. I was then on particular police duty and was compelled to be on duty. I got a cake of the Cuticura Soap and some Cuticura Ointment. In less than ten days I could put on my boots and in less than three weeks, though on duty all the time, I was free from the confounded itching. I tell you frankly that Cuticura saved me from what the doctors called a bad leg." Capt. George P. Bliss, Chief of Police, Morris, Manitoba, Mar. 20, 1907, and Sept. 24, 1908."

For Baby's Bath Cuticura Soap has Become the Mothers' Favorite.

Warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, most soothing of emollients, preserve, purify and beautify the skin, scalp, hair and hands of infants and children and, assisted by mild doses of Cuticura Pills, afford the most speedy, grateful and comforting treatment for torturing, disfiguring eczemas, rashes and every form of itching, scaly, crusted humor of the skin and scalp. Guaranteed absolutely pure.

COUNTY JUDGE'S COURT.

Brilliant Array of Legal Talent in Distress Warrant Case.

From Tuesday's Daily Sun:

For the past three or four days the attention of the County Judge's court has been largely taken up in a case in which J. W. Patton, agent for John F. Murray, was the plaintiff, and Jim Croxton, Levy Johnson, Abe McCray and William Thomas, colored, were defendants.

The case is the outcome of a distress warrant issued against the defendants, whom the plaintiff charges had rented certain lands from the Murray estate on a "cropping" basis, and that the defendants had failed to pay their proportion of the crops as rent, in accordance with the agreement. It was for this reason that the distress warrants were served by Sheriff Ramsey—to compel the payment of obligations by defendants.

The testimony was long and drawn out, there being a large number of witnesses. The attorneys for both sides appeared also to be unusually active in the case, with the result that it required some time to complete same.

Judge Mason has not yet announced his decision, and has the case still under consideration.

Attorneys Broome and Robt. E. Davis appeared for the plaintiff, while Attorneys Haile and Fielding represented the interests of the defendants.

NEW FAMILY ARRIVES.

A. F. Ackerly and Family of Indiana Will Make Their Home Here.

Among the latest arrivals in the city who have come to make their home here are A. F. Ackerly and family, who came from Terre Haute, Indiana.

Mr. Ackerly, who is a personal friend of H. S. Graves, was here for a short time last winter, at which time he became so favorably impressed that he determined to return with his family and locate—and he has kept his word.

The Ackerly family are located at the Witherspoon House, awaiting the arrival of their furniture.

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them. 25c.

WELCOME SERVICE AT BAPTIST CHURCH

PASTORS UNITE IN EXTENDING WELCOME TO REV. CLOAR.

Church Was Packed to Overflowing Long Before Hour of Opening Services.

The union welcome service by the pastors of the various churches of the city Sunday night to the Rev. J. J. Cloar of Owensboro, Ky., recently called to the pastorate of the First Baptist church here, was among the most notable events to transpire in this city for some time.

Rev. T. P. Hay, pastor of the First Presbyterian church, with Rev. F. R. Bridges of the Methodist, Rev. F. H. Craighill of the Episcopal and Elder J. T. Johnson of the Advent, joined in a formal welcome service and one which was deeply appreciated by the minister and the large congregation that was present.

Each of the ministers welcomed to the city the new pastor and hoped that his relations would prove pleasant and profitable to all the churches and the Gainesville people generally.

Rev. Cloar responded to the welcome and at once showed that he was affected by the deep feeling that was already existing among the people with whom he was to cast his lot, and he felt that much good had been accomplished along the line of Christian work in this city and it would be his aim to ever work for the interests of Christ and the Church.

There is probably few cities in the country where the congregations mingle as they do in Gainesville, and the warm, friendly and pleasant social manner in which they have mingled together has done much for the cause of Christianity here.

Rev. Cloar comes to the Baptist church as pastor with the most flattering recommendations and the entire citizenship of Gainesville will cordially welcome him and his family.

Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. J. W. McCollum & Co.

Mr. Nelson's Fine Corn.

A. D. Nelson, a progressive farmer of Windsor, was in the city Saturday.

Mr. Nelson brought for entrance in The Sun contest four ears of corn of the "Red Blitch" variety, which he took from two stalks, and which weighed three pounds.

He says that his crop will average thirty bushels to the acre, which is certainly a fine yield.

Hoppity Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature, use Ballard's Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1.00. Sold by W. M. Johnson.

Runaway on East Main Street.

Monday morning one of the horses belonging to Crawford & Davis became frightened and ran away, completely demolishing the buggy and tearing up a few panels of fencing for Dr. J. H. Hodges. Fortunately no one was in the vehicle at the time, and outside of the damage to property no loss is reported. The animal escaped injury.

A Hurry-Up Medicine.

Every housekeeper recognizes the need of effective remedies to be used in emergencies—when something must be done right away. Such a remedy is Perry Davis' Painkiller, for sprains and bruises, for strained muscles and for the aches and pains resulting from blows and falls. Burns and cuts are instantly relieved by it and helped to healing. Its mission of mercy began seventy years ago. It is used in all countries and millions of bottles are sold annually. There is but one Painkiller, Perry Davis'.

Have you seen the new large 35c size?

It is estimated that 20,000 farms are for sale in New York State. The song of the city still sounds sweet in the ears of the country boy.

Subscribers more than one year in arrears must not blame The Sun if they fail to receive the paper any longer. The postal authorities made the rule, and we have to obey it.

The Jacksonville Floridian says there will be no chance for shows or frauds in the carnival to be conducted in that city next November. Well, it is about time to cut them out, Brother Williamson.

The man who spends the day gossiping on the street corner, and the man who always opposes every project, however good, designed to better the town, are anything but a help to the place in which they live.

Senator L. W. Zimm, editor of The St. Augustine Meteor, has made an announcement of his candidacy for Congress against Hon. Frank Clark. He will formulate and promulgate his platform at the proper time.

If a man walks, his wife needn't pray more than a minute a day for his safety; if he drives a horse, three minutes, and if he owns an automobile she should spend most of her time on her knees.—Sunflower Philosopher.

Anonymous communications continue to find their way through the mails to The Sun office, and thence to the waste basket. The last one came from Newberry and purported to give an account of a game of baseball between the teams of that place and Cadillac. Sign your name to your communication if you expect to see it printed in The Sun.

Notwithstanding that Governor Johnson of Minnesota was at the point of death when President Taft arrived in St. Paul last Saturday, he dictated a message of cordial welcome, to which the President replied in a most feeling manner, predicting that if Governor Johnson's life is spared, as he prayed it would be, the people of the nation would some day call upon him to serve them as President.

Former Sheriff L. W. Fennell, true to his word, has given to Officer Chas. Pinkson a check for \$50, made payable to Officers Pinkson and Bryan, as a reward for the conviction of James Kelley and D. M. Davidson of the murder of W. C. Sellars at High Springs, the facts of which are already known to readers of The Sun. This conviction has been made since the retirement of Mr. Fennell from the office of sheriff of Alachua county, but Mr. Fennell, during his term of office, when the murder occurred, stated that he would give a personal reward for the apprehension and conviction of the guilty party or parties. The action of the jury at the special term in Palatka placed the guilt upon Kelley and Davidson, and with a desire to keep his promise Mr. Fennell gave the reward to Pinkson and Bryan, who worked up the case. Thus ends another chapter in this celebrated tragedy.

SMOKY FUNGUS OF ORANGES.

Press Bulletin No. 123, by Prof. H. S. Fawcett, which has just been issued by the Florida Agricultural Experiment Station, treats of the above disease as follows:

"Soon after oranges attain their normal color in the fall, a faint smokiness is often noticed on fruit that is otherwise bright and smooth. This smoky appearance may be mistaken for an accumulation of dust particles; but, on examination under a lens, it is found to be due to a network of dark-colored fungus threads. This fungus was noticed by H. H. Hume, under the name of *Lepothyrium pomii*. Although the smoky fungus appears to do no injury to the orange itself, yet it impairs its bright color, and thereby lessens its market value. This smoky appearance should not be confused with the more conspicuous black covering due to the sooty mold of whitefly-infested trees. The smoky fungus occurs in blotches or patches of various sizes, and in some cases covers the entire fruit. The fungus threads appear to be entirely superficial, and apparently do not even injure the epidermis of the fruit. This is shown by the fact that the bright color of the orange can be restored by rubbing or washing.

"This smokiness, though not a serious trouble, can readily be prevented, if perfectly bright fruit is desired. While conducting a series of spraying experiments for another trouble last year, it was noticed that the oranges were freed from smoky fungus. It was found that the smoky fungus could easily be controlled by spraying with Bordeaux mixture during October.

"It is a well-established fact that to spray an orange tree thoroughly within and without with Bordeaux mixture, is almost sure to invite an increase of scale insects on twigs, leaves, and fruit. The reason for this is that Bordeaux mixture kills the fungi that are parasites of the scale insects, and so allows these scales to multiply very rapidly. It was found that by spraying only once, about October, the smokiness was avoided, and there was not enough time for the scale insects to increase sufficiently to injure the appearance of the fruit before the shipping season. In spraying for this purpose, care should be taken to apply the spray, as far as can be done, only to the fruit. It should be kept as much as possible from the limbs or trunks. On the large limbs and trunks there will be left a sufficient amount of the scale fungi to spread out on the rest of the tree and keep down the scales. For preventing smokiness therefore, spray the fruit in October with Bordeaux mixture, or with ammoniacal solution of copper carbonate. Bulletin 76 of the Florida Experiment Station contains directions for the preparation of these fungicides."

AN INFERNAL NUISANCE.

A long suffering public would like to know when the city authorities will enforce the ordinance requiring premises to be connected with the sewer mains, etc. It is nothing more nor less than an infernal outrage upon the tax-payers of the city to tax them for a sewerage system and then permit property owners to do as they please about installing sewerage on their premises. Certain residences on the adjoining blocks east of the square have been equipped with sewerage ever since the sanitary ordinance was enacted, yet they are compelled even at this late day to endure the stench from the sanitary wagon while removing buckets from the block on the same side of the square, owners of the property having never paid any attention to the sanitary ordinance. The same condition prevails in other sections of the sewerage district, and it is high time that the ordinance requiring connection with the sewer mains was enforced. If the present officials whose duty it is to enforce the ordinance are afraid to do so, they should resign and let others step in who will see that the law is complied with.

It is not right to make "flesh" of one property owner and "fowl" of another, as has been done in this matter, and we sincerely hope that the Board of Public Works will immediately "get busy" and see that the ordinance is enforced.

Whenever James J. Hill is booked to make a speech you may be sure that the American farmer will be placed in the spot light.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. *J.C. Ayer Co., Lowell, Mass.*

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

GENIUS IS WEALTH.

Genius is wealth, not only to the associates of the genius himself but to the nation as a whole. No one can live a life of great constructive achievements without conferring a benefit upon the whole nation; for while the property left passes to individuals, the institutions created, the knowledge gained, and the progress made become a part of the wealth of the whole people.

Some great men endow the world with economic wealth, and others with intellectual or moral wealth. The late Mr. Harriman developed railway systems which will permanently benefit the whole nation; he created new methods of financing which are of inestimable value to every railroad of the country; he helped to teach every American how to work; and the example of his moral courage, in working to the very end of his life to safeguard the financial world against the shock of his death, must permanently add to the value of American character.

Genius is a kind of wealth that cannot be replaced. The world has never reproduced its Phidias, its Shakespeare, or its Franklin, and we cannot know how much richer we should be if Alexander Hamilton were here to deal with the problems of municipal finance. Neither can we know how much more slowly our national wealth will increase by reason of the death of Mr. Harriman, or how much the growth of our great railway systems will be retarded. We may safely assume, however, that it will be a long time before the country will produce another leader with his grasp of both industrial and financial affairs. That his passing away produced no financial disorder, and that the growth of the country and its institutions will go on, are evidence of the nation's great strength and recuperative power.

A TRUE STORY?

E. L. Evans gives us a story this week that is rich in the extreme. A few nights ago he went home and found a cow in his yard. He drove her out. He then went into the house and later heard the animal in the yard again. He drove her out the second and third times. Ted Evans, his son, came home later and found the animal in the yard and drove her out. Mr. Evans then made an investigation and found the cow got in by wading around the fence on the river side. He hung up a lantern to deceive the cow as she came in, and the next morning, so he says, he found the cow in the yard with the lantern hung on her horns, using the same to hunt out the best grapefruit in his grove. Say what you please, but that was an intelligent cow. And the story is true—of course it is.—Fort Myers Press.

Henry Watterson, it is said, forbids any reporter on The Courier-Journal to use the term "lady." The much-abused word is slowly going out of use in the South, where it is being relegated to the colored folks, who cling to it desperately among themselves. The term "woman" means so much more and has such an honest ring that it is much preferred by the "business woman," the "society woman," and that other blessed creature who is neither, but finds in her household and the rearing of her children all the career she wants. The misuse of the word is forbidden on about all of the metropolitan news-papers of the country, it may be observed.—Times-Union "Short Talks."

A Georgia woman proposes to breed chickens with only one leg, so that they could not scratch up the flower beds. But wouldn't that be more than offset by the absence of the extra drumstick? asks The Tampa Times.

The country will not be on dress parade. President Taft will see it in all its great rugged simplicity.

THE SUN'S CORN CONTEST.

With a view to showing what is done in Alachua county in the way of producing corn, The Sun offers the following cash prizes for the best corn brought into the office before October 15th, 1909:

Best stalk of corn, showing two or more well-developed ears... \$3.00
Second best stalk of corn..... 1.50
Best ear of corn 2.00
Second best ear of corn..... 1.00

The corn entered must be grown in Alachua county; must be delivered at The Sun office, all charges paid, before October 15th, and be accompanied by the grower's name, address, number of acres grown, average yield per acre, variety, and a short description of the method of cultivation.

The exhibits will be placed in some public place and left on exhibit for a few days at the close of the contest.

The awards will be made by competent farmers, who have not entered any corn in the contest.

The object in offering these prizes is to stimulate our farmers to better things in the way of crops for home use and to ship.

Hon. W. A. Blount of Pensacola has positively announced that he will be a candidate for United States Senator at the primary next year. The Pensacola News says "he has weighed carefully every question concerning his entry into this race, and enters it fully prepared to wage a thorough and systematic canvass, covering every section of every county in Florida. What a decision on the part of Mr. Blount means only those who know him intimately, or who have come in direct contact with him in legal battles, can fully appreciate." There is no question about Col. Blount's ability, for he is recognized as the ablest member of the Florida bar, and his entry into the race means that Senator Talaferro has a hard fight before him for re-election. Those thus far positively announced as candidates are Blount, Broward L'Engle, Reeves and Talaferro. Senator Talaferro will unquestionably obtain sufficient votes to be in the second primary, and the race for second place will be between Blount, Broward and Reeves, with L'Engle trailing in the rear. If Broward is shut out of the second primary it will be due to L'Engle's vote. Of the two men Broward is head and shoulders above L'Engle.

DEAD FROM PELLAGRA.

CHARLOTTE, N. C., Sept. 21.—Mrs. Buena Dinkins died at the Presbyterian Hospital yesterday of pellagra, the eighth victim of the disease since its presence was announced in the community.

The woman was taken ill a year ago with what seemed to be diarrhoea. Later eruptions appeared on her arms, hands, feet and ankles, then followed internal inflammation and swollen tongue. She suffered no pain, but was emaciated and very weak. Physicians are nonplussed. Seven other cases are now under treatment.

Interesting Booklet Free.

The second edition of Booth's Famous People, a 32-page booklet, has just been published and will be sent free to any reader of this paper. A postal card will do.

The book contains portraits and concise autobiographies of some famous people, including Conan Doyle, Maude Adams, Madam Curie, the discoverer of Radium, and Sir Thomas Lipton, the merchant prince of the world.

There are four pages of valuable information, such as "Help in Case of Accidents," "Antidotes for Poison," "Stamp Flirtation," "How to Tell a Person's Age," Bible facts and figures, and other interesting features. Mention this paper when writing, and address Booth's Hyomel Co., Buffalo, N. Y.

The country will not be on dress parade. President Taft will see it in all its great rugged simplicity.

The Sun office for calling cards.

LOCHLOOSA NOTES.

LOCHLOOSA, Sept. 22.—J. A. Jackson returned home Sunday from Micayopy, where he has been in the employ of the Melton Lumber Co. for the past few months.

C. H. Shaw of Zubar, Fla., spent a few days in town this week, the guest of his mother-in-law, Mrs. S. F. McEwen.

Mrs. C. E. Morris of Port Ingles is up spending some time with her mother, Mrs. S. F. McEwen. She has been quite ill for the past several weeks, but we are glad to say she is better.

O. W. Sykes and P. D. Moore of Island Grove were in town Saturday on business.

T. E. Johnson and J. A. Brice of Island Grove were in town Monday.

Arthur Fryer of Hawthorn was in town Monday on business.

F. M. Coleman made a business trip to Starke last week.

A few of the Lochloosa and Island Grove folks had a fish fry at the picnic grounds on Lochloosa lake Saturday. Fish were plentiful and all enjoyed themselves.

A. S. McEwen and J. A. Williamson returned home Sunday from Newnan's lake, where they have been on an extended alligator hunt. They were gone two weeks and succeeded in capturing 98 of them, the smallest being about 3½ feet in length.

Mrs. W. P. Tompkins went over to Cross Creek Tuesday to spend a few days with her son, R. J. Tompkins.

R. J. Tompkins of Cross Creek was in town shopping Tuesday.

Quite a crowd of the Island Grove citizens came over Monday to view the wreck.

MELROSE MENTION.

MELROSE, Sept. 22.—The funeral of E. B. Lane, better known as Squire Lane, of Putman Hall, took place at Eliam Cemetery here on Friday morning, a very large number of friends being present to pay the last honors to their friend. Rev. B. F. Green officiated.

Simon Coward has recovered from his severe attack of lumbago and is about again. C. P. Huffman is also much better and able to be up once more. Good news has also been received from W. E. Baker at Valdosta; he expects to be home again in about two weeks.

S. McRae has bought a Brush auto and expects delivery of same sometime next week.

Rev. W. H. Williams, editor of The Florida Christian Advocate, preached two fine sermons here on Sunday, large congregations being present.

Mr. and Mrs. von Noszky left today for two weeks' visit to White Springs.

Keifer pears are still being shipped from here, bringing satisfactory returns.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 488, LAWS OF FLORIDA.

Notice is hereby given that Thomas J. McRae, purchaser of Tax Certificate No. 644, dated the 1st day of August, A. D. 1907, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, town:

All land in grant, Sec. 6, Tp. 12, R. 22.

The said land being assessed at the date of the issuance of such certificate in the name of Caroline A. McRae.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 25th day of October, A. D. 1909.

Witness my official signature and seal this 23rd day of September, A. D. 1909.

S. H. WIENGES, Clerk Circuit Court Alachua Co., Fla.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 488, LAWS OF FLORIDA.

Notice is hereby given that D. Hicks, purchaser of Tax Certificate No. 645, dated the 1st day of July, A. D. 1907, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, town:

Nw ¼ of Nw ¼ of Ne ¼ of Se 14, Tp. 7, S. R. 18-40 acres.

The said land being assessed at the date of the issuance of such certificate in the name of W. B. Wimberly.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 25th day of October, A. D. 1909.

Witness my official signature and seal this 23rd day of September, A. D. 1909.

S. H.

THE GAINESVILLE SUN: SEPTEMBER 23, 1909

GOV. JOHN A. JOHNSON HAS PASSED AWAY

MINNESOTA'S CHIEF EXECUTIVE DIED TUESDAY MORNING.

HIS LAST WORDS TO HIS WIFE, "WELL, NORA, I GUESS I'M GOING."

A REMARKABLE MAN.

ROCHESTER, Minn., Sept. 21.—John A. Johnson, three times Governor of Minnesota, candidate for Democratic nomination for President last year, and looked upon by many throughout the country as a probable nominee in 1912, died at St. Mary's Hospital here at 3:25 this morning, following an operation on last Wednesday.

The Governor lapsed into unconsciousness at 1 p.m., and toward the end he revived himself several times to pat his wife on the cheeks. His last words were, "Well, Nora, I guess I'm going; we have made a brave fight."

Dr. W. J. Mayo stated that there were no traces of blood poisoning, and that the immediate cause of his death was exhaustion and heart failure. Considerable encouragement was felt yesterday morning.

When the Governor had breathed his last, Mrs. Johnson, who had been in almost hourly attendance at her husband's side, and who had borne up bravely under the ordeal, totally collapsed and was taken to the Sullivan Home.

Sketch of Life.

John A. Johnson, one of the most unique figures in the nation's politics, has had a most remarkable career and his wonderful achievements show the possibilities of the American youth.

He was of Swedish parentage and was born in St. Peter, Minn., in 1861. He attended the public schools for a while, but the poverty of his parents compelled him to go to work, and he secured work in a printing office. His father became an inebriate, and in order to support the family the mother was forced to do washing for her neighbors, as the boy's wages were quite small.

Ful of pluck and ambition, young Johnson determined to make his mark in the world, and by industry he acquired an interest in The St. Peter Herald and became editor of that paper. In 1894 he was sent to the Minnesota State Senate as a Democrat, and his record there stamped him as a man of wonderful native ability.

In 1904 he was elected Governor of Minnesota, in spite of the fact that the State was overwhelmingly Republican. In 1906 he was re-elected, and again was called to this honor in 1908. As a reformer he stood among the most prominent in the country, and was strongly supported for the Democratic nomination for President in the campaign of last year.

His position on all Governmental propositions stamped him readily as a statesman, and in his death the country sustains a serious loss.

W. K. VANDERBILT, JR., AND WIFE SEPARATE.

NEW YORK, Sept. 22.—William K. Vanderbilt, Jr., donor of the Vanderbilt cup for automobile races, and his wife, formerly Miss Virginia Fair, of San Francisco, have signed a separation agreement, according to an afternoon newspaper.

Mrs. Vanderbilt is now returning from Europe to America with her two children, Muriel and William K. Vanderbilt, III. It is expected that the separation will be formally announced as soon as Mrs. Vanderbilt reaches New York.

Efforts by Mrs. O. H. P. Belmont, mother of Mr. Vanderbilt, and Mrs. Herman O. Elrich, sister of Mrs. Vanderbilt, to avert the separation, were without success.

BUCKMAN HALL IS LONG SINCE FILLED

ADDITIONAL ROOMS SECURED AND THESE ALL TAKEN.

RESERVATIONS AT UNIVERSITY BY FAR EXCEED ALL EXPECTATIONS OF THE PRESIDENT.

Already all of the available space has been taken up at Buckman Hall at the University of Florida and the large extra building rented has been filled, so it is now a question as to where the school will find more room to accommodate the large number of students that will enter the State University at the coming term, which opens next Wednesday, September 29th.

In conversation with Dr. Murphree, the newly elected president, he stated that prospects were most flattering for the largest attendance in the history of the institution, and that another season would probably more than double the attendance for the coming term.

There have been reservations made for about one hundred and of course this will be largely added to on the opening of the school.

A number of changes and additions have been made to the school for the coming season, principally the addition of the law department, and this alone will greatly increase the attendance. The library of this department is the best to be found in the State, with one exception, and there is not another college in the South that can boast of such a collection of books on the first year of its existence.

The entire body of instructors are all of the highest class and order, and the people of the State will do wise to consider well before placing their children in other locations, for here the expense is greatly reduced and at the same time the same, if not better, instruction is given.

DAMAGE AT BILOXI.

BILOXI, Miss., Sept. 21.—The Gulf storm struck this city at 3 o'clock yesterday morning, with the wind blowing forty miles an hour, continuing to increase in intensity till it reached sixty miles an hour at 5 o'clock in the afternoon. It is estimated that the high tide and the wind have wrought damage to property between forty and fifty thousand dollars.

Between Beauvoir and Debuys 500 feet of the track of the Gulf Coast Traction Company is washed away and another hundred feet is gone near the Soldiers' Home, and to the eastward of Gulfport another 150 feet were washed away. All the bath houses and piers along the beach from Gulfport to the home of United States Senator Money, a distance of four miles, have been swept away. Three hundred feet of the electric car line at Long Beach, Miss., have been swept away.

A pen containing 5,000 diamond-back terrapins, valued at \$5,000, located on the back bay of Biloxi, is threatened by the incoming tide and many men are working to save the terrapins. Twenty shrimp boats are reported to be out in the storm, but a boat arriving here late Sunday night reported that they are making for Lake Borgne canal for harbor. The schooner Ruby and a wharf recently built by W. M. Hampton were wrecked. The driveway, known as "the Beach road," along the coast in front of Biloxi, is completely gone, entailing a loss of fifteen or twenty thousand dollars. Louisville and Nashville train No. 6 is the only train reaching Biloxi from New Orleans. No train has reached here from the north and all telegraph wires are down. No loss of life is reported.

HEAVY LOSS IN CUBA.

HAVANA, Sept. 21.—Telegraphic wires and bridges between Havana and Pinar del Rio are still down, and consequently it has been impossible to ascertain the extent of the damage wrought by the storm last week in that section. It has been learned, however, that many hundreds of peasants are destitute from the destruction of their huts and crops. The treasury is without ready relief funds, and President Gomez Sunday night called a special session of Congress for September 24th to make a relief appropriation. The total loss in Pinar del Rio is estimated at \$4,000,000.

Peruna Tablets Tested.

What are the Peruna Tablets good for? Has anybody used them enough to know what they will do? Read the following letter and see. If you have any doubt as to the genuineness of the letter, write to Mrs. Lohr, enclose a stamp for reply, and see whether her testimonial is genuine or not:

Ravenna, Mich., June 16, 1908.

The Peruna Drug Co.

In regard to the Peruna Tablets, I have used about ten boxes in all.

While I was in Chicago my oldest daughter was bothered with a cough all the time. She has had it for four years. Sometimes it would go away, and in the winter time it was so bad that the doctors and professors said that she had consumption, and the only way to give her any relief was to perform an operation.

I spend so much money for different medicines, and for doctors also. Nothing seemed to help her.

So I saw the Peruna Tablets advertised in the paper, and I got a box and tried them. She could get some sleep by taking them. She would be up all night and cough. So in all she took six boxes, and never was bothered any more.

I will leave this for any one to inquire at our old residence, where we lived in Chicago. All our neighbors would say that she could not live with such a cough. You don't know how thankful I am. She is eighteen years old.

My oldest son also was bothered with his stomach, throwing up, and his bowels so loose all the time. He was all run down for four months. I also doctored with him. One would say this and the other something else. I started in to give him the Tablets, and now he is all right and healthy looking. He took four boxes. That is all he wants to take whenever anything ails him.

So I praise your Tablets just as high as I have your Peruna. That is all the medicine that ever comes in my house. Whenever I travel I take some with me. I have had three of my children sick with scarlet fever two months ago, and that is all I used, was the Peruna and the Tablets. I did not lose any of them.

If there is any more information you want, why just let me know and I will be glad to do so. Yours truly,

Mrs. L. LOHR, Ravenna, Mich.

ICE CREAM SUPPER.

JONESVILLE, Sept. 23.—Miss Lizzie Hamilton and brother, John, attended church at Forest Grove Sunday.

Mr. and Mrs. Geo. E. Pickett are visiting the former's parents, Mr. and Mrs. Mrs. T. R. Pickett.

Mr. and Mrs. T. R. Pickett made a flying trip to Gainesville Saturday.

W. H. Pickett left Saturday for Atlanta, Ga., to enter college.

On Tuesday evening, Sept. 28th, from 4 o'clock until 12, there will be ice cream and cake served at the

RAMSEY LANDS OLD MURDERER TUESDAY

LEFT FOR ST. AUGUSTINE TO BRING THE PRISONER BACK.

Has Been Quietly at Work on This and Other Cases for Past Several Months.

By hard work and diligent scheming Sheriff Ramsey succeeded in locating an escaped murderer who has been wanted in this county for the past two years and Wednesday left to bring the fugitive back here for trial.

Will O'Neill, a negro employed at the turpentine farm of S. G. Gay & Co. of Micanopy some time since, became enraged at his wife, and in his fit of madness cut the woman's throat from ear to ear with a razor, making his escape at once, and had not been apprehended until Mr. Ramsey learned of him and had him arrested by Sheriff Perry of St. Augustine, where he has been for the past few weeks.

Sheriff Ramsey stated that he had been following this negro by communication for the past few months, but had not been able to get him in a place where he could be picked up until he arrived at St. Augustine. After he had become located there he wired the St. Johns county sheriff to take him in charge until his arrival.

The above killing occurred in the quarters near the depot at Micanopy just a short while following another killing, creating considerable excitement among the negro employees at the time, and the good detective work of Mr. Ramsey in this case is to be commended, for he is of the opinion that he will also land the other party within a very short while.

In addition to the above two cases, he has one other murder case, the crime having been committed about three years ago, and he has good reason to believe that he will be successful in locating this man also.

home of Mr. and Mrs. T. R. Pickett. Everybody cordially invited to attend. If you can't come in the evening, come in the afternoon, and if you can't come in the afternoon, come in the evening. There will be someone to wait on you from 4 o'clock on. We hope to make enough to finish paying for our church organ at this supper. Everybody come.

The grocery store of R. R. Strange & Company, in Lake City, was entirely destroyed by fire on last Saturday.

THIRTY-SIXTH YEAR FOR MISS

AN OLD INSTITUTION GREAT FAVORITE

Started With An Enrollment and Same Was Increased Tuesday.

For the thirty-sixth year George Tebeau's School was opened successfully on Monday morning with an enrollment of over fifty students, which number was increased during Tuesday, and expected to come later in the month.

This school, which has been successfully conducted by George Tebeau, has been one of the leading educational institutions of the city and an institute of the city points to with great interest, for it has to some of the brightest and best men and women of the State.

Only recently this school was renamed as the Diocesan School ofida by the Episcopal Church, in itself will cause it to bring new scholars from other states.

The opening enrollment is most satisfactory to Miss Thomas and assistant, Miss Thomas, anticipates a great increase in the next few days, particularly in the number of the students who have already engaged at the school.

With this popular private running, the University of Florida and the High School with a enrollment nearing the six-hundred mark, it truly makes Gainesville a leading educational center of Florida, each can be pointed to as the highest class, where the students receive all the care and attention desired.

A number of the patron school, as well as members of the Diocesan Council, were present at the opening exercises.

Small House Burned

Saturday afternoon the small house owned by Lige Haines in the eastern part of the city was destroyed by fire, the building and contents being a total loss. The origin of the fire is unknown, as all occupied the place were away at the time and did not know of the occurrence late in the night when they returned to their home.

The Apalachicola Board of Trade are urging that a business be established in that city.

It is pure, mature and mellow.

E. H. HARRIMAN LEFT WIFE EVERYTHING

NEW YORK, Sept. 16.—A hundred brief words, weighted each with approximately \$1,000,000 and containing in their entirety the last testament of E. H. Harriman, make his widow, Mary Averell Harriman, one of the wealthiest women in the world. It is perhaps the briefest will on record for the disposal of an estate of such magnitude. All his property is left to Mrs. Harriman.

Wall street estimates that Mrs. Harriman will inherit in realty and personal property between \$75,000,000 and \$100,000,000. Mr. Harriman's private fortune is supposed to have been greater than this by many millions, but there is reason to believe that his unmarried daughters, Mary and Carol, his married daughter, Mrs. Robert Livstone Gerry, and his two sons, William Averell and Roland, a boy of fourteen, together with his surviving sister, Mrs. Simons, and other relatives, have all been substantially provided for in gifts out of hand and trust funds set aside by Mr. Harriman during his life time.

The will is dated June 8, 1903, and it witnessed by Charles A. Peabody, president of the Mutual Life Insurance Company, who drew it, and C. C. Tegethoff. Mr. Peabody was Mr. Harriman's close personal friend and was frequently a caller at Arden house during his last illness. He relinquished a law practice commonly estimated as worth \$100,000 a year to assume at a smaller salary the executive direction of a company in which Mr. Harriman was heavily interested. Mr. Tegethoff was Mr. Harriman's personal secretary.

Mrs. Harriman was Miss Mary Averell, daughter of W. J. Averell, a wealthy banker of Rochester, N. Y., who made his money in the Rome, Watertown and Ogdensburg Railway Company. She brought her husband financial aid in his early struggle in the market, when aid was most val-

uable to him. He never needed it again, for his administrative ability soon won him the support of Kuhn, Loeb & Co., the National City Bank and the powerful Standard Oil clique. Their thirty-six years of married life has always been said were ideally happy.

On Mrs. Harriman's shoulders will now rest the management of the 43,000 acres of woodland, pasture land and fertile black bottoms in the Ramapo valley, and on the steep sides of Tower Hill; the completion of the great house on which its master had already lavished \$2,500,000 without living to see it finished; and those plans of public benefaction—parks and forest reservations—which it is known that Mr. Harriman cherished, though he makes no mention of them in his will.

If the estate measures up to expectation, Mrs. Harriman, according to common estimation here, is the wealthiest woman in the world. Mrs. Hetty Green's holdings have been estimated at \$40,000,000; those of Mrs. Fred Courtland Penfield, who was Anne Weightman, of Philadelphia, at \$8,000,000, and those of Mrs. Russell Sage at a like amount.

The will was filed yesterday with the surrogate of Orange county, New York, at Goshen. It was pointed out at Goshen yesterday that by making no bequests to children or relatives, Mr. Harriman avoided the large share of the enormous inheritance tax, which under the laws of the State of New York would otherwise be imposed. Mrs. Harriman's dower rights are subject to no tax whatever, and the remaining two-thirds of the estate to a tax of only one per cent.

Orange county is the home of millionaires, and the county clerk's files hold many important wills, that of James S. (Silent) Smith, for example, which disposed of \$25,000,000 paid an inheritance tax of \$923,495.55, the largest on record, at Goshen.

OWEN THREATENED TO COMMIT SUICIDE

ALACHUA COUNTY MURDERER BECOMES DESPERATE.

Wrote Letter to His Wife, Who Notified Officers of the Man's Intentions.

The Jacksonville Metropolis of Tuesday says:

"Declaring that he intended to end his life by cutting his throat at a certain hour yesterday, R. H. Owen, the white man who is held at the Duval county jail for safe keeping because of the murder of two men in Alachua county, recently addressed a farewell letter to his wife, and began to make preparations for self-destruction. His plan fell through, however, and he still awaits the action of the Pardoning Board, which will say whether he goes to the gallows, has his sentence commuted to life imprisonment, or goes free. The last action, however, appears to be improbable.

Wife Tells Story.

"Immediately after receiving the letter, Owen's wife wrote to the sheriff's office and inclosed the letter, which sensible act has caused the condemned man no little inconvenience and sorrow. Determined that Owen should not destroy himself in the Duval county jail, Chief Deputy Sheriff Oscar H. Nolan had the man removed from comfortable quarters to one of the smallest cells in the jail, such as is used exclusively for condemned prisoners shortly before the hour of death approaches. Owen was thoroughly searched for weapons of any character, but none were found on him.

Enraged at Betrayal.

"The prisoner was at first at a loss to know why he was placed in the small cell, and in answer to his inquiries the letter he had written to his wife was given to him. He was enraged at the fact that he had been betrayed, and later wrote a long letter to his wife, telling her how unjustly she had treated him and of the suffering she had caused. He has been docile since being placed in close confinement, but the officers do not intend to take any chances, and he will remain in the small cell until his case is disposed of at Tallahassee and he is sent back to Gainesville. The officers do not doubt that Owen intended to kill himself if he got an opportunity, as he is in a desperate mood, and is a man who would much rather kill himself than be executed on the gallows."

SPITTING NUISANCE.

Hawking and Spitting Is Caused by Catarrh Germs.

If the local authorities want to stop the disgusting habit of spitting mucus on the sidewalks, they had better instruct the people as to the best method of killing the catarrh germs and curing catarrh.

You can easily tell by reading the symptoms below whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from nose, stoppage of the nose, huskiness of voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucus, difficulty in breathing, loss of vital force.

J. W. McCollum & Co. have a sensible remedy (money back if it fails) for catarrh, called Hyomei, which is a vaporized air so antiseptic that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life and cures catarrh.

The price, including hard rubber inhaler, is only \$1.00, and money back if it doesn't cure. Extra bottles, 50 cents.

"I have tried almost every catarrh cure on the market without benefit. Have been using Hyomei for one week and feel like a new man already."—Wm. V. Goode, Newark, Ohio, June 21, 1909.

Their condition is greatly improved, and they are entirely out of danger.

The family of W. L. May was taken violently ill, also, from the same trouble during the night and the cause is supposed to have been from the same source. Their condition is also very much improved today.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

ADMINISTRATOR'S SALE.

Notice is hereby given that under and by virtue of a decree made and rendered by the Hon. J. T. Willis, Judge of the Eighth Judicial Circuit in and for Alachua county, Florida, on the 15th day of August, A. D. 1909, I, as Administrator of the estate of Thos. E. Rose, deceased, will sell at the court house door between the legal hours of sale on Monday, the 4th day of October, A. D. 1909, the following described lands situated in Alachua county, towit:

Five acres, more or less, described as follows: Bounded on the north by lands of H. M. Smith, on the east by right-of-way of Atlantic Coast Line railroad, on the south by lands of Mrs. Lizzie Reeves, on the west by lands of Austin Ross.

Also, ten and three-quarters acres, more or less, described as follows: Bounded on the north by land of H. W. Hays, on the east by land of H. D. Wood, on the south by land of H. D. Wood, on the west by right-of-way of Atlantic Coast Line railroad.

Also, ten acres, more or less, described as follows: Bounded on the north by land of H. D. Wood, on the east by land of W. Wolfenden & Reeves, on the south by land of H. D. Wood, on the west by land of H. D. Wood.

Also, a frame store house and the land on which same is located, on the west side of the Atlantic Coast Line railroad, near the depot of the Atlantic Coast Line railroad, in the town of Evinston, and now occupied by Wood & Evans, Terms cash.

E. W. ROSE, Administrator of the Estate of Thos. E. Rose, Deceased.

BILL FOR DIVORCE.

In the Circuit Court, Eighth Judicial Circuit, Alachua County, Florida—In Chambers—Ethel McMakin vs. Emma McMakin—Order Publication—Bill for Divorce.

It appearing by affidavit appended to the bill filed in the above stated cause that the residence of Ethel McMakin, the defendant therein named, is unknown to Complainant, and has been unknown to her nearly five years past, that there is no person in the State a service of a subpoena upon whom would be had the said defendant, and he is over the age of twenty-one years; it is therefore ordered that said defendant be and is hereby required to appear to the Bill of Complaint filed in said cause on or before Monday, the 1st day of November, A. D. 1909, otherwise the allegations of said bill will be taken as confessed by said defendant.

It is further ordered that this order be published once a week for eight consecutive weeks in The Gainesville Sun, a newspaper published in said county and State.

This August 24th, 1909. A true copy of original (Seal)

S. H. WIENGES,

Clerk Circuit Court.

J. M. RIVERS, Deputy Clerk.

Solicitor for Complainant.

NOTICE.

Notice is hereby given that on the 1st day of October, A. D. 1909, at Gainesville, Alachua county, Florida, I shall apply to Hon. H. G. Mason, County Judge of Alachua county, Florida, as Guardian of the estate and persons of James E. Rhodes and Archie M. Rhodes, minors, for an order to sell all the undivided right, title and interest of the said minors in the following real estate situated in said Alachua county, Florida, towit:

Block One of Ingram's Addition to the City of Gainesville, Florida.

CHARLES M. RHODES, Guardian.

ENGINEER CRIPPEN IS KILLED ON A. C. L. RY.

LAKELAND, Fla., Sept. 20.—A serious wreck occurred at 6 o'clock yesterday morning as the result of injuries received in the Atlantic Coast Line wreck at Winston Saturday afternoon. In obedience to instructions from his wife, who is in Iowa, the body will be shipped to that State for interment. Mrs. Ropson, wife of the dead express messenger, arrived here yesterday morning and will accompany the body to Jacksonville.

Engineer C. T. Crippen of Sanford, Fla., Will Ropson, express messenger, of Jacksonville; Goldie Smith, colored, Jacksonville; Jim Branch, fireman, Tampa, and Conductor Davenport were injured, and the passengers were severely shaken up.

Full particulars are not at hand and it is not known whether or not any of the passengers were badly injured. The engineer and firemen were pinned under the engine and badly scalded, and Messenger Ropson was thrown into the scalding steam with broken limbs. Smith was struck by a driver of the engine and his leg was mangled.

A relief train brought the injured to this city.

MR. CRIPPEN IS DEAD.

LAKELAND, Sept. 20.—Engineer C. T. Crippen of Sanford died at 1

DISASTROUS WRECK ON SEABOARD SUNDAY

From Tuesday's Daily Sun:

A disastrous wreck occurred on the Seaboard Sunday night between Waldo and Ocala, at Lochloosa bridge, when fast freight train No. 11, consisting of a double-header and about sixty box cars, was wrecked, fourteen of the cars being dumped into the lake.

The wreck will prove quite a loss to the company from a financial standpoint, but fortunately no one was injured, for both engines passed safely over the bridge before it fell with its heavy load of freight cars.

At the time of the accident the train was running at a good rate of speed, and this fact alone saved the lives of the two engineers and firemen, who were stationed on the heavy engines.

The train was in charge of Conductor Lashley, while Engineers Tatnum and Jones were stationed on the engines. This train is the regular fast freight that runs between Jacksonville and Tampa, making only a very few stops between the two cities, and always carries a heavy train, often being compelled to use the double-header.

Fortunately there was no damage

outside of the loss of freight and had this train not passed at this time a great many people may have been killed later, for the midnight express, between Jacksonville and Tampa, was due to arrive at that point within a few minutes after the freight had crashed through the burning trestle, and it was necessary to flag this train, which was done only in the nick of time, for in a short while it appeared at the scene of the wreck.

Both passenger trains were run over the Coast Line between Ocala and this city Monday morning, and traffic over this route will probably not be resumed under the next two days, as it will be necessary to build a new bridge before traffic can be resumed.

The origin of the fire on the trestle had not been determined Monday, and some are of the opinion that it was the work of some incendiary, though it is probable that it caught from some passing train and lay smouldering until the midnight hour.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

WILL HAVE BENEFIT.

Band Will Organize Fat and Lean Baseball Teams.

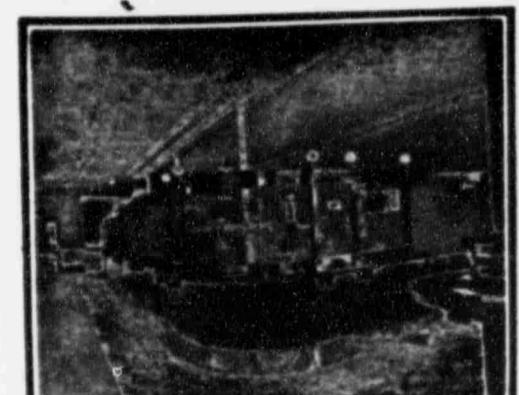

From Tuesday's Daily Sun:

The baseball season will not be "closed tight" yet, as it is understood the Gainesville Cornet Band is now working up a benefit in the nature of a game to be pulled off at an early date between the fats and the lean.

This will be a worthy and deserving benefit, and should be liberally patronized by our people, as nothing should go unaided when it is known to be for the benefit of the band.

Further particulars will be given later.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If it's complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge—the only cure that never fails and has no bad effects. Sold by W. M. Johnson.

THIEVES ARE WORKING THE CITY OF ALACHUA

EVERY WEEK ONE OR MORE STORES ARE ENTERED.

One Party Seen and Ran Off Monday Night by a Crowd of Young Boys.

Thieves are now frequenting the little city of Alachua and there is scarcely a week but one or more of the stores of that quiet but hustling city are entered.

On Monday evening a bold thief entered the store of the H. J. McCalum Company, located on the principal street of the place, and was in the act of taking off a good-sized load of goods when he was suddenly interrupted and checked by a crowd of small boys who had been out on a night possum hunting trip and were returning just as he was preparing to make his exit with the first load.

The burglar had filled his sack with hams, sausage and shoes when the boys came upon the scene, noticing the light in the place, and the man, a negro, heard the noise and made his escape.

The store of Roberts & Co. was twice entered during last week, while a number of the business houses have reported small thefts of furnishings and groceries, and it would pay them to get together and secure the services of a night watchman to protect the city until the thieves are caught.

It is the general impression that the work is done by a band of negroes in that section who are thoroughly acquainted with the surroundings, for outside of taking a few articles, nothing of great value has been missed.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Sold by W. M. Johnson.

Laying New Walks.

S. V. Duke, with his usual enterprise, is having a new granolithic sidewalk placed along his property on East Union street which will add greatly to the convenience of the people that pass that way, and at the same time greatly enhance the value of his property. Mrs. H. H. McCreary is also having sidewalks placed along her property on University street to connect with the new work being done by Mr. Duke.

Contest Closed, Prize Awarded.

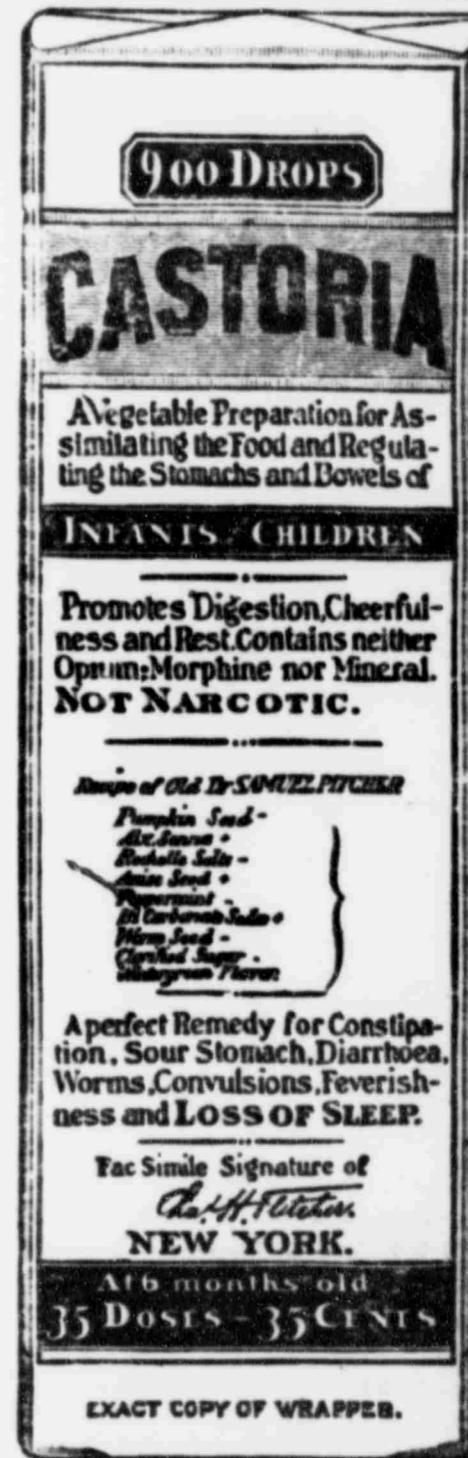

In The Watchman contest, the colored paper published here, Lillian Kendrick was the successful winner of the capital prize—a piano—and the prize was awarded to her on Tuesday by a committee which was appointed for the purpose of canvassing the vote.

Many people delude themselves by saying "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness, and urinary trouble disappear. J. W. McCollum Co.

Last week, from a point just a few miles from Sutherland, what might be called a carload of green grapefruit was shipped North. The railroad men who handled the fruit said it was as green as could be.

To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by W. M. Johnson.

NEWS OF CITY AND COUNTY CONDENSED

MATTERS OF GENERAL INTEREST
SECURED BY SUN REPORTERS.

What Has Happened and What Is Going to Happen—Personal and Social Items of the City.

From Tuesday's Daily Sun.

E. F. Zetrouer of Rochelle, one of the merchants of that thriving village, was a visitor to Gainesville yesterday.

J. M. Prevatt and J. C. Prevatt have returned from a pleasant visit of a week with relatives in Levy county, where they had a most delightful time.

P. B. H. Dudley, accompanied by his daughter, Miss Dora, and little son, Frank, were in the city yesterday on a shopping expedition from their home at Jonesville.

W. A. McNally was in the city Sunday from Lake Butler, where he has an extensive contract for laying cement sidewalks. He returned on the afternoon train.

F. D. Warner left yesterday for a short visit to his orange grove at Leesburg. This is one of the largest groves in that section and he anticipates a fine crop of fruit the coming season.

W. E. Waits, one of the best citizens of Hawthorn, was a visitor to the city yesterday. He says that business is picking up and the planters are realizing on their cotton at the present time.

W. F. Hafner, superintendent of the John Chesnut plantation near Alachua, spent Sunday in the city as a guest of Mr. Chesnut. Mr. Hafner is one of The Sun's valued friends and subscribers.

W. J. Hodge of Alachua was a business visitor to the city yesterday. Besides conducting a market at that point, he is a heavy planter, having some of the best lands to be found in the country.

The Sun neglected to note the return of L. J. Burkham, the East Side haberdasher, from Baltimore last week, where he purchased the handsomest stock of goods in his line ever brought to Gainesville.

J. K. Malphurs of LaCrosse was visiting in the city yesterday. He says that business is good in his section owing to the cotton season, and that the farmers are all pleased with the prices they are receiving.

Miss Laura Bardin of Green Cove Springs has arrived in the city and accepted a position with the Gainesville National Bank as stenographer. She is making her home with the family of J. R. Emerson on Masonic street.

Miss Nellie Goss, who has been attending the Union Hospital, Valdosta, Ga., for the past several months, is at home for a brief visit with her mother and family, and her many friends are delighted to greet her again.

Mr. and Mrs. H. L. Phifer, who have been absent for the past number of days in New York City and other points, returned home yesterday. Mr. Phifer went North for the purpose of purchasing the fall stock for the New York Racket store.

H. M. Moran of Campville, one of the prominent citizens of the East End, was transacting business in the city yesterday. He states that the farmers are busy with their cotton and highly pleased with the satisfactory prices being received.

C. W. Wells, one of the jolly planters of Alachua, was a visitor to the city yesterday. He is well pleased with having branched out in the farming life and says he is meeting with even more success than he had at the contracting business.

Capt. J. E. Haynesworth, one of the most extensive planters of the old Newnan'sville section, was a visitor to Gainesville yesterday. He states that the cotton crop has been injured and that the farmers as a rule would not average half a crop.

F. J. Hammond, one of the largest and most successful business men of Hawthorn, was transacting business in Gainesville yesterday. He states that considerable cotton is being brought to the market and that trade is picking up well in his section.

The furniture and fixtures for the new dental parlors of Dr. Geo. S.

Waldo have arrived and will at once be installed in his new offices. When completed Dr. Waldo will have one of the most modern and best-equipped offices in the State for the practice of dentistry.

Mrs. W. C. Newbern and son, Val, formerly of this city but now making their home at LeRoy, are in the city, guests of relatives. Mrs. Newbern's friends will regret to learn that her health has been none too good for the past few weeks, especially since the death of her husband.

From Wednesday's Daily Sun.

New car of horses and mules—the third one. Oliver & Kite.

R. W. Smith of Hague was transacting business in the city yesterday.

C. A. Bennett of High Springs was in the city yesterday on a brief business visit.

C. W. Roberts of High Springs was in the city yesterday and made a pleasant call at this office.

J. M. Guinn of Alachua was among the visitors to the city yesterday looking after business matters.

Mrs. M. Corpew left yesterday for Miami, where she will spend the next several weeks visiting her daughter.

Mules and Horses—We have car of first-class driving and saddle horses, also farm and log mules. Oliver & Kite.

J. T. Fleming, senior member of the firm of Fleming & Son, Archer, was transacting business in Gainesville yesterday.

Dell Tison of Earleton paid the city a visit yesterday. He came over to pay a short visit to his parents, Capt. and Mrs. W. O. Tison.

Mrs. T. M. Caughen of Waldo was in the city yesterday on a shopping trip. While here she was the guest of Mrs. Geo. P. Morris.

T. H. English is among the new arrivals to the city and will in future hold the position of billing clerk in the Southern Express office.

R. C. Evans of Evington was a visitor to Gainesville yesterday for a short while. He had just returned from a trip of several days at various points of interest.

Dr. Armstrong will visit Gainesville Oct. 5th. Those in need of professional service in treatment for eye trouble, headaches, or nervousness, should see him at the Brown House.

Jack Williamson, one of the prominent citizens of Alachua, was a visitor to the city yesterday. He is also largely interested in the phosphate business and feels good over the present bright outlook.

Jonathan Duke of Alachua was in the city yesterday. He says that the planters are busy gathering their corn and cotton and that they are well satisfied with the crops made outside of cotton, which has shedded and will not average a half-crop.

T. L. Brown, one of the successful planters of Alachua, was here yesterday transacting business. He says that business is good with the merchants in his section, and that cotton has revived things all round, as it has made ready cash much more plentiful.

S. G. Gay of Trenton was a visitor here yesterday. He says that all of the farmers of the West End are busy gathering their corn and picking cotton, and that within a short while they will all have plenty of home-made grits and pork, hence will be an independent crowd.

A. B. Oliver, member of the firm of Oliver & Kite, has returned from the markets, where he has been for the past number of days purchasing the third carload of horses and mules, which are to arrive within the next few days at their stables in this city. This firm has been established less

Delicious Puddings

made from

JELL-O

ICE CREAM

Powder

Mix together one package Jell-O Ice Cream Powder (any flavor) and two heaping tablespoonsfuls of corn starch. Dissolve in a little cold milk. Stir this mixture into one quart of boiling milk and cook until sufficiently thick, usually from one to two minutes. Serve with milk, cream or any good pudding sauce. Use double boiler or stir constantly to prevent scorching. May be garnished with strawberries or any small fruits.

Stir a package of Jell-O Ice Cream Powder into a quart of milk and make two quarts of fine ice cream at one cent a dish.

Sold by all Grocers. 2 packages \$2.50.

YOU'LL feel better for work, play or rest if you eat Quaker Oats at least once a day.

than two months but have succeeded in disposing of two cars of stock already

S. H. Register, who has been in the employ of the Southern Express Company here for several months as billing clerk, departed yesterday for High Springs, where he will make his future home, having accepted the agency for the company at that point. Mrs. Register will remain here for the next week, or until Mr. Register can make the necessary arrangements for the removal of their household goods.

Dean A. J. Farrah of the University returned yesterday from Williston and other points, where he was successful in securing several students for the law department of the University. He is delighted with the excellent library he has for this institution and says that outside of the Supreme Court library it is the most complete to be found in the State. Mr. Farrah and family have recently moved into the Ivers' residence on corner of East Main, N., and Boundary streets.

From Thursday's Daily Sun.

For Sale—Thirty-gallon gasoline tank. Inquire this office.

Louie Bartlett of High Springs was a visitor to the city yesterday.

C. C. Myers of High Springs was among the visitors to the city yesterday.

C. L. Denton, a trucker of Micahony, was transacting business in the city yesterday.

J. R. Williamson, one of the prominent citizens of Quincy, was a visitor to the city yesterday.

J. M. Turner, one of the farmers of the Lake View section, was visiting in Gainesville yesterday.

W. A. Shaw and son, Henry, of Montecocha, were visitors to the city yesterday on a trading expedition.

For first-class resin barrel staves, and heading, write or phone T. J. Cone, Raleigh, Fla. Can make prompt shipment at market prices.

R. C. Brown of Grove Park was among the visitors to the city yesterday.

He says that things are lively in his section of the county.

Mrs. J. W. Alsop leaves today for Archer, Williston and Cedar Key, where she will be absent for the next two weeks visiting friends.

N. C. Pettit of Waldo is among the prominent visitors to the city. He has a large number of acquaintances here who are always pleased to meet him.

Orlando B. Weeks of Waldo was in the city yesterday. He says that Waldo is picking up considerably and business is much better than for some time.

W. E. Brown, the trucker of Archer, was transacting business here yesterday. He says that the vegetable men are busy with their work making ready for the fall crops.

J. H. Tench, the clever freight agent of the Atlantic Coast Line, returned Wednesday from New York City and other points, where he has been enjoying his vacation. He reports a good time.

Born, to Mr. and Mrs. G. Hartwell Kelley, a fine boy at their home at Prairie Creek on Wednesday. Both mother and child are reported as doing nicely, while Papa Kelley is the proudest man in the county.

Mrs. D. H. Scott, nee Miss Edith Baird, is in the city from her home at Arcadia on a short visit to her parents, Mr. and Mrs. E. J. Baird, East Gainesville. She expects to remain here about a week before returning to her home.

Neil Rain, accompanied by his son, Joe, of the Jonesville section, were visitors to Gainesville yesterday. Mr. Rain is one of the largest and well-to-do planters of that place and has a

host of friends in Gainesville who are always pleased to greet him.

F. B. Godfrey, cashier of the Bank of Alachua, was transacting business in Gainesville yesterday. He states that the little city is very active now over the cotton situation and that the streets present a lively scene with the wagons loaded with the fleecy staple daily.

W. M. Torley, the efficient jailor at the county jail, returned yesterday from his annual vacation, which has been spent with relatives at Wacahoota and other points. He states that he has had a most pleasant time and returns to his duties much recuperated.

H. A. Williams, one of the prominent citizens of Waldo and an extensive planter of that place, was a visitor to Gainesville yesterday. For a number of years he was one of the largest merchants of that section and it is highly probable that he will shortly engage in the business again.

G. W. Peacock of Hawthorn, a successful planter of the East End, was transacting business in the city yesterday. He was accompanied by his brother, J. W. Peacock, and they both made a pleasant call at this office, the former renewing his subscription to the semi-weekly for another year.

Mrs. W. L. Hill and children, who have been spending the past two months at Cumberland, Md., returned to their home here last night. They have had a most delightful trip and feel that the same has been highly beneficial. The greater part of the time was spent with Mrs. Hill's relatives.

Lost—Ladies' solid gold hunting-case, "O"-size Waltham-movement watch, with small scratched number in back case X 7179; on fob was a Randolph-Macon pin and half-dollar charm. May have been lost on Gainesville-Rochelle-Micanopy road. Reward for return of same to this office.

Injured in Runaway.

From Tuesday's Daily Sun:

While returning from the home of a neighbor Monday morning, Mrs. J. H. Crown of Rocky Point was quite painfully injured in a runaway, the horse she was driving becoming frightened and making a spirited dash. Mrs. Crown was thrown from the vehicle, and in some manner one of her arms became tangled with the lines, with the result that her wrist was painfully sprained, besides injuries in the shoulder and head.

Dr. J. H. Colson was summoned and rendered medical assistance, and reports that while the injuries are very painful no serious results are anticipated.

Returns from Markets.

Mrs. F. T. McCormick returned from the Eastern markets Sunday, where she has been for the past three weeks purchasing her fall and winter stock of millinery. She states that her purchases this season include the largest and most select stock that she has ever bought for Gainesville, and she will be prepared to show the very best in headwear that was ever seen in the South. While the styles and stock are up to the highest, the prices will remain within easy reach of all. Her regular opening, which will be announced later, will show many attractive feasts for the lovers of the best.

Marriage of Miss Mixson.

Telegraphic information was received in this city Tuesday morning of the marriage of Miss Mae Mixson to Mr. Harry Tatum, which happy event occurred in Raleigh, N.C., on Monday evening. The bride has been on a visit to that city for the past few weeks and it was while there they decided upon the sudden marriage. Mr. Tatum has visited the city and has acquaintances here who wish for them much happiness and joy during their married life.
